The present Rolex Daytona 16528 contains the much celebrated calibre 4030 based on the Zenith El Primero movement. As the first automatic in the Rolex Daytona range the enthusiasm for this model persists today and is only growing as watch collectors compete to complete their Daytona collections. The so-called 'inverted 6' dials were only in production for a very limited amount of time, where the Arabic marker at 6 on the 12 hour recording subsidiary dial appears to be upside down, adding to the interest of the watch.

**€6,900 - 9,200**

**US\$7,800 - 10,000**

Launched in 1979/80 to replace the well-loved 1675, the transitional 16750 is so similar to its predecessor that it takes a keen eye to appreciate the nuances that separate these two models. The main differences can be summed up as a new, more accurate calibre (3075), double the depth rating, a quick set sequence to the date function and a different layering of the hands. The reference was in production for around 8 years before being phased out.

This example features the earlier matte dial which were later replaced for glossy versions. As these often were changed during servicing it is uncommon to find 16750s with the earlier dial type thus making the current lot a great example of its model.

The Rolex Oyster Perpetual Explorer was first launched in 1953 to celebrate the victorious ascent of Mount Everest and has ever since been associated with mountaineering and adventure. The dial of the present 1016 Explorer presents a glossy black finish which is typical of the earlier examples. The dial has developed into a very attractive tropical shade of brown which adds even more interest to the depth of the shiny finish. The pre-transitional "Exclamation" mark below the hour marker at 6 dates the production of the dial between 1960-1963 which sits comfortably with the production date of the case being around 1962.

The bold contrast between the dial colour and the subsidiary dials makes this model instantly recognisable and as such it has long been lauded as a design icon. Both references 6263 and 6265 were launched in 1969, thus replacing the first Oyster Cosmograph 6240. The 6263, a stainless steel model with screw-down pushers remained in production for nearly 20 years.

The current lot presents as a complete set with not only the box but also guarantee papers as well as the original invoice. The watch is offered by the original owner.

The Kew A Certificate watches are some of the rarest series watches made by Rolex. Since every one was numbered and listed separately, we know exactly how many were produced and that only 136 successfully passed through to attain the coveted 'KEW A' Certificate. The test is carried out over 45 days and includes temperature fluctuations and was designed by the Royal Navy for ship's chronometers. Of the total number submitted only 16 obtained the especially good classification meaning they obtained over 80 points. The present example 4215 is such a watch.

Rolex made a very special effort to obtain these results and the watches were specially made for the tests. Using a 10-1/2 ligne 700 calibre base movement, unusually in pink gilt, with a completely re-calibrated escapement and reworked nickelled balance bridge. They used a Nivorox freesprung and exceptionally fine balance with a Breguet overcoil creating the calibre known to Rolex as the 720. This project was overseen by one of the best 'regulators' of the time, Jean Matile, who obtained various records from 1925, including the Neuchatel best ever result for a wrist watch with 8.4 points and the astonishing 93.8 points at Kew also for a wristwatch movement.

The movement 4215 is one of the renowned watches that not only passed first time but also attained the 'Especially Good' distinction. It passed on the 24th of June 1947. At the time this passed and was caused there was a public thirst for watches with exceptional timing results. Rolex took out many adverts at the time to emphasise their ability to create wristwatches with such distinction as normally this was only found in larger pocket and deck watches. Being seen to be able to get the top classification in a UK test meant the majority of these were sold in the UK.

The movement 4156 achieved a 'Kew A' Certificate on its 4th attempt through Teddington. As a consequence it was in the last batch of pieces to pass before they stopped issuing certificates, passing on the 6th of April 1951. This meant it was cased in the larger gold case as it seems all of the last ones put through Teddington were. Records show that there were only 24 cased in gold making this one of the rarest production pieces Rolex ever created.

The ref.105.012 was famously worn on the moon in 1969. The reference 270.2.73 was released in 1991, in a limited series of 500 examples only, to celebrate the 60th anniversary of the 'Reverso' model.

The idea of the Reverso was sparked at a polo game in India in 1930. Cesar de Trey, a former denture dealer turned watch entrepreneur was on a trip in India when a Polo player showed him the broken glass on his watch. Seeing the broken watch gave Cesar de Trey the idea of a watch that could turn over to protect its crystal and dial from being damaged. Upon his return to Switzerland, Cesar de Trey joined forces with his business partner Jacques David LeCoultre and launched the first Reverso in 1931. The Parisian engineer Rene-Alfred Chauvot was commissioned by LeCoultre and Jaeger to construct the first Reverso.

This allowed for the creation of an extra flat wristwatch. The slim case design is further accentuated by the lenticular shape of the case and the optical illusion of a spiral engraved bezel.

Rolex were commissioned by the military of many countries to produce specially designed and adjusted watches. The Peruvian Air Force started to use Rolex for their watches in the 1960's and as with all the special commissions of the time they engraved the case number on the inside back of the case. The Fuerza Aerea del Peru ordered only a few chronographs making this Daytona example very rare and sought after. The special commission for this watch would have been that Rolex engraved the back with Fuerza Aerea del Peru. One additional feature of this watch is that it has a Sigma symbol dial denoting the batons are made of white gold.

First appearing in the early 1960s, this 'exotic' dial manufactured by Singer was renamed the 'Paul Newman' by collectors after the American actor wore the watch in promotional posters for the film 'Winning' and throughout his private life. By sinking the subsidiary dials and outer scale within the opaque black dial background, the dial achieves an unusual three-dimensionality and an instantly recognisable look. As such the Paul Newman has earned its place among the most coveted watches for collectors around the world.

The current lot has been in the same family since it was purchased. Last serviced by Boodle & Dunthorne in 1992.

Longines entered the market for diver's watches not with a screw down case but with a compressor case made by Piquerez, the advantage being quoted that the deeper the diver ventures and more pressure is on the watch, the more water resistant it became. Also departing from the convention of an outside rotating bezel, Longines opted for a second crown with an internal timing bezel. The second crown gives the watch a more sporty look. The design of this watch is replicated today in their Heritage Legend range.

The Stop Seconds model is an excellent example of a continuously running flyback mechanism, allowing the user to independently reset the central running seconds and minute recording hand. Made and patented in the 1940's, based on the 12.68Z calibre it made a convenient watch for pilots for start reset navigation. The case back is a well fitting snap back protecting the movement which is in very good condition.

The Extract from Longines Archives confirms that this watch was first invoiced on the 4th September 1946 to the company Scharfstein who were at that time their agent in Tel-Aviv.

The Breguet Type XX has become one of the most famous due to the quality of the watch and the fact they reissued it as a civilian watch both at the time and as a reproduction more recently.

Breguet produced their first batch of 2000 watches to the military in 1954. Before that they made various prototypes to test features. The required features included in the type XX specifications were that the watches had to have a black dial, registers situated at 3 and 9 for constant seconds and a minute recording register, flyback for the chronograph while running and a diameter of approximately 38mm.

The Prince model was introduced by Rolex in 1929 and continued until 1935. With a relatively short period of production, not many were produced and, as such, they were as exclusive in period as they are today. Each watch was supplied with a rating certificate of Accuracy from the Swiss government Observatory. It was unaffected by position or changes in temperature, problems that plagued lesser watches. Rolex say of the Prince that it was 'limited to a relatively small number as such fine watches cannot be produced quickly or in large quantities'.

The current example features the two colour gold striped case which has earned it the nickname 'tiger stripe'.

When this watch was delivered in 1936 by Patek Philippe it was blank and ready for the jeweller to expertly set the case with diamonds. At the time this was common practice with many of the watch manufactures if they trusted and had an arrangement with the particular jeweller such as Freccero. The quality of the setting and the diamonds are of the highest quality as one would expect from a partner of Patek Philippe.

The reference 2526 was launched by Patek Philippe in 1953 and was the company's first self-winding wristwatch. It utilised the new caliber 12<sup>'''</sup>- 600 AT movement, with the serial numbers starting with 760,000. Research shows that 580 examples were produced, 20 examples in platinum, 30 examples in white gold, 50 examples in pink gold and 480 examples in yellow gold. The Ref: 2526 later became the Ref: 3428, which used the second-generation self-winding movement, calibre 27-460.

There have been four generations of this model:

1st generation: domed screw back, cream enamel dial with applied indexes. The enamel is flared around the holes, which hold the indexes, the central hands and the subsidiary second's hand.

2nd generation: domed screw back, cream enamel dial with applied indexes. The indexes are inlaid in the enamel surface; the enamel is flared around the holes, which hold the central hands and the subsidiary second's hand.

3rd generation which this watch corresponds to: identical to the 2nd generation but with a practically flat screw back. The present lot is an example of this execution.

4th generation: practically flat screw back, cream enamel dial with applied indexes. The indexes are luminescent and inlaid in the enamel surface; the enamel is flared around the holes, which hold the central hands and the subsidiary second's hand

The model is illustrated in *Patek Philippe Wristwatches by Martin Huber & Alan Banbery, first edition, pp.168 & 169*

As the first automatic in the Rolex Daytona range the enthusiasm for this model persists today and is only growing as watch collectors compete to complete their Daytona collections. The so-called 'inverted 6' dials were only in production for a very limited amount of time, where the Arabic marker at 6 on the 12 hour recording subsidiary dial appears to be upside down, adding to the interest of the watch.

In the 1940's, the German Air Force or Luftwaffe, commissioned watches for their pilots from IWC, Laco, Stowa, Wempe, and A. Lange & Sohne.

Produced to the Luftwaffe's specifications, the watches all have a mechanical movement with centre seconds, cases measuring 55mm to accommodate the large movements (which were typically used in pocket watches) and have an oversized crown. The watches would all be fitted on an extra-long leather strap so they could be worn over a flight jacket. The crown could be operated with gloves on pulling it out stops the central seconds. The movement would be surrounded by an iron core, making the watch anti-magnetic.

These watches became known as the B-Uhr style, abbreviated for Beobachtungs-uhren, or "Observation" watch. The B-Uhr had two dial variations - Type A dials featured a standard outer minute track and large triangle at 12 o'clock, while the later Type B dials had an inner hour track and outer minute track as with the current example.

The watch cases were engraved on the left side "FL23883" to identify the watch was for navigation. On the inside of the case back, it contained further identifying numbers and information: type (Bauart), production number (Gerät-Nr.), movement (Werk-Bez.), order number (Anforderz), and manufacturer (Hersteller).

The type XX watch was not limited to one brand, but was the format  
used by the French Ministry to instruct the manufacturer the specific  
functions and styling required. The Breguet Type XX has become one  
of the most famous due to the quality of the watch and the fact they  
reissued it as a civilian watch both at the time and as a reproduction  
more recently.

Breguet produced their first batch of 2000 watches to the military  
in 1954. Before that they made various prototypes to test features.  
The required features included in the type XX specifications were that  
the watches had to have a black dial, registers situated at 3 and 9  
for constant seconds and a minute recording register, flyback for the  
chronograph while running and a diameter of approximately 38mm.

Production of the 6202 ceased in the early 1960s after a relatively short and limited production.

**£80,000 - 150,000**

**€92,000 - 170,000**

**US\$100,000 - 190,000**

First appearing in the early 1960s, this 'exotic' dial manufactured by Singer was renamed the 'Paul Newman' by collectors after the American actor wore the watch in promotional posters for the film 'Winning' and throughout his private life. By sinking the subsidiary dials and outer scale within the opaque black dial background, the dial achieves an unusual three-dimensionality and an instantly recognisable look. As such the Paul Newman has earned its place among the most coveted watches for collectors around the world.

The present example is a 6265/6262: the reference on the case being 6265 and 6262 on the inside caseback with the correct pushers and stainless steel bezel.

This watch is a very honest example of a watch that has been worn everyday and shows the character and evolvment that comes with use.

Inspired by the reference 2441 'Eiffel Tower', the Pagoda model was launched by Patek Philippe in 1997 to commemorate the inauguration of their new watchmaking facility at Plan-les-Ouates near Geneva. The Pagoda reference 5500 was made in a limited edition of 1100 examples in 18K yellow gold, 500 pieces in 18K rose gold, 250 in 18K white gold and 150 in PT950 platinum. The destruction of the tools and dies used in the manufacture ensures that this model can no longer be produced.

Rolex introduced the reference 5512 in 1959 to substitute for Ref. 5510 and 6538. The most important features of the new reference were a new wide graduated revolving bezel for the diving times, a smaller winding crown (from 8 to 7mm) and a protective crown guard. The earliest models featured square type guards which were found not to be easy to use while wearing professional diver's gloves. In time these were replaced with crown guards as with the current example.

The Rolex Daytona continues to be among the most sought after of vintage watches on the market today. The bold contrast between the dial colour and the subsidiary dials makes this model instantly recognisable and as such it has long been lauded as a design icon.

In 1969 Rolex replaced the first Oyster Cosmograph 6240 with both the reference 6263 and 6265. Although similar in many aspects, the main differentiating factor between the two new references was the choice of bezel. The 6263 featured a black aluminium insert with printed tachymetre, whereas the 6265, as with the current lot, presented to the market a smooth engraved metal bezel.

Produced in both steel and gold it is believed that over the course its production of 20 years no more than 2000 pieces were made in gold making the current lot a rare example to come by.

In the early 1970s, the British Ministry of Defence commissioned a very limited batch of Rolex reference 5513 Submariners, designed to enhanced specifications to meet the demands of their Special Forces.

These "Military Submariners", or "MilSubs", differ in many ways from standard production pieces. They feature thicker, sword-shaped hands for enhanced legibility, a rotating bezel calibrated to 60 minutes (not present on this watch), an encircled "T" on the dial indicating the use of luminescent Tritium, and solid steel bars fixed between the lugs.

The current lot has never been offered at auction before.

There are 3 series of the Royal Navy Military Submariner:

1.Ref: 5513

2.Double Ref: 5513/5517 (5513 on case and back: 5517 on a lug) as with this example

3.Ref: 5517

This watch was one of the watches presented to the crew of the clipper the 'Sovereign' when it took part in the America's cup in 1964. The watch comes from the son of the original owner. The dial has a very distinctive patina probably caused by exposure to salt water and conjures images of crossing the inhospitable Atlantic in racing conditions, doing whatever it took to get there first. Typically the Oyster case protected the movement completely.

This Red depth rating dial ref.6538 is one of the earliest submariners. The red depth is printed without any mention of the units used and was likely only in the first examples. Later models have the units indicated. The Red depth indication is only found on the 'Explorer' style dial (using just 3, 6 and 9 for the hour markers) a rarity in itself without the Red Depth. Another desirable feature for this reference is the large crown of 8mm. All of the red depth watches that have appeared are numbered 140,xxx suggesting that they were only ever produced in one batch.

The reference 4768 by Rolex incorporates one of the most complex movements used by Rolex. With the clean design of its case and the faceted tear drop lugs, the 4768 presents a very different appearance to its sporty cousin the 6036. The two references used the Valjoux 72C calibre movement and production of the pair appears to have occurred in tandem for a short period in the late 1940s and 1950s. Few examples of reference 4768 were made, making this a desirable watch for today's collectors.

The current lot was a gift to the vendor's father by the President of Lebanon in 1956 after attending a party at the Goulistan Palace. Enclosed with the lot is the original invitation to attend the party.

Vacheron Constantin produced this reference for about 10 years starting in 1962. Nicknamed the Thunderbird, it is one of the most unusual of the Vacheron Constantin range from this time combining classic Vacheron Constantin styling with the new look of the tool watches. Still today it stands out as an unusual and striking design outside of the brands normal oeuvre. Due to this fact it was not as popular as it could have been when first launched and it is now believed there were only around 100 examples ever made, making this piece not only an unusual one for Vacheron Constantin but very rare as well.

The Nautilus, originally designed by Gerald Genta in 1976, is thought to owe its unique shape and construction to the transatlantic liners' porthole designs; inspired by the secure windows at sea that were sealed hermetically by a clever system of tension bolts against the glass.

The present watch has never been offered at auction before and is being sold by the original owner's family. The watch is in excellent condition and the rarity is further enhanced by the original receipt from Asprey.

The Master Clock System is capable of being regulated to 1/1000 of a second and may be used to control an almost unlimited number of slave clocks. Absolute precision of the entire system is guaranteed by synchronization to the time signal from the countries central radio transmitter each second.

However, the individual units will maintain accurate time in the event of failure to receive the time signal until such time as reception is restored. Whilst five units in the tower was a common choice, the actual number could vary according to the requirements placed on the system. Further units for additional functions could also be supplied with for example a programmable tape unit to actuate pre-set time signals at any time, seven days forward, with chiming confirmation and also an amplifier and sound control unit.

Arguably no other watch has ever captured the imagination of the collector's world in the same way that the Paul Newman Rolex Daytona has. In recent years this model in all its different incarnations has built up an almost mythical reputation. With its iconic design and the photos on Paul Newman's wrist the exotic Daytona dial truly represents the dream of watch collecting.

The present lot is an honest example and embodies all things desirable in a Paul Newman, from the excellent original pushers to the beautifully preserved silvered dial. Incidentally, this watch also happens to tell a story which is revealed through a special engraving to the case back. The words read, faded with wear through the years "Love conquers time", a statement of defiance in all capital letters, an anonymous engraving and a story lost in the folds of time which is sure to grow a new personal meaning in the imagination of each person who sees it. It is this mixture of history and hidden romance, reverie and undebatable coolness that elevates this piece from the extra ordinary to a true holy grail.

This watch has been in private hands and was a gift to the present owner.

The Silverstone was meant to be an iconic design successor for the square shaped Monaco and first appeared in the 1974 Heuer catalogue where Clay Regazzoni in a blue race suit wore a blue dial one on a steel strap while sitting in the Ferrari 312 T Formula 1 car. Therefore the blue dial Silverstone is called the 'Regazzoni' by collectors and very much sought after. The product life cycle of the Silverstone was rather short and after three years production ceased, it was last shown in the 1977 catalogue.

The current lot is in new old stock condition.

The Heuer Monaco was revolutionary with its square case design and during the same period Heuer started to experiment with square shaped watches, a case maker, Piquerez, showed his new waterproofing system, where four notches clipped into the back of the monocoque case and through tension was able to create water resistance. With this new patented technique, Heuer negotiated with Piquerez for exclusivity. The Monaco would be the first square automatic chronograph with a water-resistance watch case.

Jack Heuer searched for a name that would appeal to the chic, high-end crowd that would enjoy the new bold design, racing enthusiasts who would frequent places like Monte Carlo. Heuer had already developed the 'Monte Carlo' stopwatch, a legendary dashboard timepiece used for the 'Rally Monte Carlo' in the works Minis and Porsche 911's. He realized that "" Monaco"" would appeal to the elite market strongly appreciating the revolutionary chronograph.

Finally the Heuer Monaco the world's first self-winding rectangular chronograph was introduced with simultaneous press conferences on the 3rd of March 1969, in Geneva and New York. Jack Heuer characterises this as the most important product launch during his career. The newly developed Cal.11 automatic movement used 17 jewels, an unbreakable mainspring, was antimagnetic, and had shock protection, but its most distinctive feature was the placement of the winding crown at the left side. A successful advertising campaign was highlighting that with an automatic chronograph, the user would touch the crown only for time setting.

In 1968 Jo 'Seppi' Siffert won both 24 Hours of Daytona and the 12 Hours of Sebring in a Porsche 907 firmly securing his place in motor racing history. Jack Heuer made a sponsorship deal with the Swiss sportscar and Formula 1 ace and in 1969 he wore a white dial Autavia on his wrist. The original Autavia worn by Siffert featured the word 'chronomatic' underneath 12. Siffert's career was brought to a sudden and tragic end in 1971 when his BRM crashed at Brands Hatch and caught fire to drastic consequences. The plates of this particular example have a dot pattern running through it which is a sign of an early Heuer movement corresponding perfectly with the serial number. Similarly the date change is also typical of the earlier 1163s which commenced moving in the last 25 minutes rather than last 2 hours of later examples.

The Autavia 1163V has an interesting history in watch marketing history. At a time when smoking was part of everyday life for the young American, Jack Heuer decided to collaborate the Viceroy racing team sponsored by the cigarette brand Viceroy. With coupons collected from cigarette packets you could buy the (slightly altered) Autavia for \$88 from the retail list price of \$200 for the non V version. Not surprisingly this was popular and very much helped with brand awareness in the United States.

The current example is in perfect New Old Stock condition and retains its original bracelet created for Heuer in Japan.

€58,000 - 81,000

US\$65,000 - 91,000

The model 6542 was only manufactured from 1954 until 1959 and is distinguishable from later models by the lack of guards to protect the crown. Originally designed to enable PanAm pilots to see two different time-zones at a glance and used in the Rolex adverts of the time showing a member of the crew navigating using the GMT and the planes overhead visual navigation, the Rolex GMT soon became favoured among business travellers. The early models are immediately recognisable by the bright Bakelite bezel as with the current example. The rarity of this bezel is defined by the short production time, the delicate nature of Bakelite and the radium radio activity of the luminous numbering. This meant many were replaced during their lifetime leaving those in original condition being very rare.

Featuring as an extra in the James Bond Goldfinger film some 5 years after Rolex production finished, this model appeared on the wrist of Honour Blackman's infamous portrayal of Pussy Galore. It certainly enhanced the androgynous appeal of what was designed as a gentleman's watch.

Despite the short production period it holds an important place in the Rolex history being the first chronograph of theirs to be placed in an Oyster case. The well known design and theory behind the Oyster case has led this model to be nicknamed the 'Monoblocco' - implying as the name suggests that the case is made from one piece.

## NOTICE TO BIDDERS

This notice is addressed by *Bonhams* to any person who may be interested in a *Lot*, including *Bidders* and potential *Bidders* (including any eventual *Buyer* of the *Lot*). For ease of reference we refer to such persons as "*Bidders*" or "*you*". Our List of Definitions and Glossary is incorporated into this *Notice to Bidders*. It is at Appendix 3 at the back of the *Catalogue*. Where words and phrases are used in this notice which are in the List of Definitions, they are printed in italics.

**IMPORTANT:** Additional information applicable to the *Sale* may be set out in the *Catalogue* for the *Sale*, in an insert in the *Catalogue* and/or in a notice displayed at the *Sale* venue and you should read them as well. Announcements affecting the *Sale* may also be given out orally before and during the *Sale* without prior written notice. You should be alert to the possibility of changes and ask in advance of bidding if there have been any.

### 1. OUR ROLE

In its role as *Auctioneer of Lots*, *Bonhams* acts solely for and in the interests of the *Seller*. *Bonhams'* job is to sell the *Lot* at the highest price obtainable at the *Sale* to a *Bidder*. *Bonhams* does not act for *Buyers* or *Bidders* in this role and does not give advice to *Buyers* or *Bidders*. When it or its staff make statements about a *Lot* or, if *Bonhams* provides a *Condition Report* on a *Lot* it is doing that on behalf of the *Seller* of the *Lot*. *Bidders* and *Buyers* who are themselves not expert in the *Lots* are strongly advised to seek and obtain independent advice on the *Lots* and their value before bidding for them. The *Seller* has authorised *Bonhams* to sell the *Lot* as its agent on its behalf and, save where we expressly make it clear to the contrary, *Bonhams* acts only as agent for the *Seller*. Any statement or representation we make in respect of a *Lot* is made on the *Seller's* behalf and, unless *Bonhams* sells a *Lot* as principal, not on our behalf and any *Contract for Sale* is between the *Buyer* and the *Seller* and not with us. If *Bonhams* sells a *Lot* as principal this will either be stated in the *Catalogue* or an announcement to that effect will be made by the *Auctioneer*, or it will be stated in a notice at the *Sale* or an insert in the *Catalogue*.

*Bonhams* does not owe or undertake or agree to any duty or responsibility to you in contract or tort (whether direct, collateral, express, implied or otherwise). If you successfully bid for a *Lot* and buy it, at that stage *Bonhams* does enter into an agreement with the *Buyer*. The terms of that contract are set out in our *Buyer's Agreement*, which you will find at Appendix 2 at the back of the *Catalogue*. This will govern *Bonhams'* relationship with the *Buyer*.

### 2. LOTS

Subject to the *Contractual Description* printed in bold letters in the *Entry* about the *Lot* in the *Catalogue* (see paragraph 3 below), *Lots* are sold to the *Buyer* on an "as is" basis, with all faults and imperfections. Illustrations and photographs contained in the *Catalogue* (other than photographs forming part of the *Contractual Description*) or elsewhere of any *Lots* are for identification purposes only. They may not reveal the true condition of the *Lot*. A photograph or illustration may not reflect an accurate reproduction of the colour(s) of the *Lot*. *Lots* are available for inspection prior to the *Sale* and it is for you to satisfy yourself as to each and every aspect of a *Lot*, including its authorship, attribution, condition, provenance, history, background, authenticity, style, period, age, suitability, quality, roadworthiness (if relevant), origin, value and estimated selling price (including the *Hammer Price*). It is your responsibility to examine any *Lot* in which you are interested. It should be remembered that the actual condition of a *Lot* may not be as good as that indicated by its outward appearance. In particular, parts may have been replaced or renewed and *Lots* may not be authentic or of satisfactory quality; the inside of a *Lot* may not be visible and may not be original or may be damaged, as for example where it is covered by upholstery or material. Given the age of many *Lots* they may have been damaged and/or repaired and you should not assume that a *Lot* is in good condition. Electronic or mechanical parts may not operate or may not comply with current statutory requirements. You should not assume that electrical items designed to operate on mains electricity will be suitable for connection to the mains electricity supply and you should obtain a report from a qualified electrician on their status before doing so. Such items which are unsuitable for connection

are sold as items of interest for display purposes only. If you yourself do not have expertise regarding a *Lot*, you should consult someone who does to advise you. We can assist in arranging facilities for you to carry out or have carried out more detailed inspections and tests. Please ask our staff for details.

Any person who damages a *Lot* will be held liable for the loss caused.

### 3. DESCRIPTIONS OF LOTS AND ESTIMATES

#### **Contractual Description of a Lot**

The *Catalogue* contains an *Entry* about each *Lot*. Each *Lot* is sold by its respective *Seller* to the *Buyer* of the *Lot* as corresponding only with that part of the *Entry* which is printed in bold letters and (except for the colour, which may be inaccurately reproduced) with any photograph of the *Lot* in the *Catalogue*. The remainder of the *Entry*, which is not printed in bold letters, represents *Bonhams'* opinion (given on behalf of the *Seller*) about the *Lot* only and is not part of the *Contractual Description* in accordance with which the *Lot* is sold by the *Seller*.

#### **Estimates**

In most cases, an *Estimate* is printed beside the *Entry*. *Estimates* are only an expression of *Bonhams'* opinion made on behalf of the *Seller* of the range where *Bonhams* thinks the *Hammer Price* for the *Lot* is likely to fall; it is not an *Estimate* of value. It does not take into account any VAT or *Buyer's Premium* payable or any other fees payable by the *Buyer*, which are detailed in paragraph 7 of the *Notice to Bidders*, below. *Lots* can in fact sell for *Hammer Prices* below and above the *Estimate*. Any *Estimate* should not be relied on as an indication of the actual selling price or value of a *Lot*. *Estimates* are in the currency of the *Sale*.

#### **Condition Reports**

In respect of most *Lots*, you may ask for a *Condition Report* on its physical condition from *Bonhams*. If you do so, this will be provided by *Bonhams* on behalf of the *Seller* free of charge. *Bonhams* is not entering into a contract with you in respect of the *Condition Report* and accordingly does not assume responsibility to you in respect of it. Nor does the *Seller* owe or agree to owe you as a *Bidder* any obligation or duty in respect of this free report about a *Lot*, which is available for your own inspection or for inspection by an expert instructed by you. However, any written *Description* of the physical condition of the *Lot* contained in a *Condition Report* will form part of the *Contractual Description* of the *Lot* under which it is sold to any *Buyer*.

#### **The Seller's responsibility to you**

The *Seller* does not make or agree to make any representation of fact or contractual promise, *Guarantee* or warranty and undertakes no obligation or duty, whether in contract or in tort (other than to the eventual *Buyer* as set out above), in respect of the accuracy or completeness of any statement or representation made by him or on his behalf, which is in any way descriptive of any *Lot* or as to the anticipated or likely selling price of any *Lot*. Other than as set out above, no statement or representation in any way descriptive of a *Lot* or any *Estimate* is incorporated into any *Contract for Sale* between a *Seller* and a *Buyer*.

#### **Bonhams' responsibility to you**

You have the opportunity of examining the *Lot* if you want to and the *Contract for Sale* for a *Lot* is with the *Seller* and not with *Bonhams*; *Bonhams* acts as the *Seller's* agent only (unless *Bonhams* sells the *Lot* as principal).

*Bonhams* undertakes no obligation to you to examine, investigate or carry out any tests, either in sufficient depth or at all, on each *Lot* to establish the accuracy or otherwise of any *Descriptions* or opinions given by *Bonhams*, or by any person on *Bonhams'* behalf, whether in the *Catalogue* or elsewhere.

You should not suppose that such examinations, investigations or tests have occurred.

*Bonhams* does not make or agree to make any representation of fact, and undertakes no obligation or duty (whether in contract or tort) in respect of the accuracy or completeness of any statement or representation made by *Bonhams* or on *Bonhams'* behalf which is in any way descriptive of any *Lot*

or as to the anticipated or likely selling price of any *Lot*. No statement or representation by *Bonhams* or on its behalf in any way descriptive of any *Lot* or any *Estimate* is incorporated into our *Buyer's Agreement*.

#### **Alterations**

*Descriptions* and *Estimates* may be amended at *Bonhams'* discretion from time to time by notice given orally or in writing before or during a *Sale*.

THE *LOT* IS AVAILABLE FOR INSPECTION AND YOU MUST FORM YOUR OWN OPINION IN RELATION TO IT. YOU ARE STRONGLY ADVISED TO EXAMINE ANY *LOT* OR HAVE IT EXAMINED ON YOUR BEHALF BEFORE THE *SALE*.

### 4. CONDUCT OF THE SALE

Our *Sales* are public auctions which persons may attend and you should take the opportunity to do so. We do reserve the right at our sole discretion to refuse admission to our premises or to any *Sale* without stating a reason. We have complete discretion as to whether the *Sale* proceeds, whether any *Lot* is included in the *Sale*, the manner in which the *Sale* is conducted and we may offer *Lots* for *Sale* in any order we choose notwithstanding the numbers given to *Lots* in the *Catalogue*. You should therefore check the date and starting time of the *Sale*, whether there have been any withdrawals or late entries. Remember that withdrawals and late entries may affect the time at which a *Lot* you are interested in is put up for *Sale*. We have complete discretion to refuse any bid, to nominate any bidding increment we consider appropriate, to divide any *Lot*, to combine two or more *Lots*, to withdraw any *Lot* from a *Sale* and, before the *Sale* has been closed, to put up any *Lot* for auction again. Auction speeds can exceed 100 *Lots* to the hour and bidding increments are generally about 10%. However these do vary from *Sale* to *Sale* and from *Auctioneer* to *Auctioneer*. Please check with the department organising the *Sale* for advice on this. Where a *Reserve* has been applied to a *Lot*, the *Auctioneer* may, in his absolute discretion, place bids (up to an amount not equalling or exceeding such *Reserve*) on behalf of the *Seller*. We are not responsible to you in respect of the presence or absence of any *Reserve* in respect of any *Lot*. If there is a *Reserve* it will normally be no higher than the lower figure for any *Estimate* in the *Catalogue*, assuming that the currency of the *Reserve* has not fluctuated adversely against the currency of the *Estimate*. The *Buyer* will be the *Bidder* who makes the highest bid acceptable to the *Auctioneer* for any *Lot* (subject to any applicable *Reserve*) to whom the *Lot* is knocked down by the *Auctioneer* at the fall of the *Auctioneer's* hammer. Any dispute as to the highest acceptable bid will be settled by the *Auctioneer* in his absolute discretion. All bids tendered will relate to the actual *Lot* number announced by the *Auctioneer*. An electronic currency converter may be used at the *Sale*. This equipment is provided as a general guide as to the equivalent amount in certain currencies of a given bid. We do not accept any responsibility for any errors which may occur in the use of the currency converter. We may use video cameras to record the *Sale* and may record telephone calls for reasons of security and to assist in solving any disputes which may arise in relation to bids made at the *Sale*. At some *Sales*, for example, jewellery *Sales*, we may use screens on which images of the *Lots* will be projected. This service is provided to assist viewing at the *Sale*. The image on the screen should be treated as an indication only of the current *Lot*. It should be noted that all bids tendered will relate to the actual *Lot* number announced by the *Auctioneer*. We do not accept any responsibility for any errors which may occur in the use of the screen.

### 5. BIDDING

We do not accept bids from any person who has not completed and delivered to us one of our *Bidding Forms*, either our *Bidder Registration Form*, *Absentee Bidding Form* or *Telephone Bidding Form*. You will be asked for proof of identity, residence and references, which, when asked for, you must supply if your bids are to be accepted by us. Please bring your passport, driving licence (or similar photographic proof of identity) and proof of address. We may request a deposit from you before allowing you to bid. We may refuse entry to a *Sale* to any person even if that person has completed a *Bidding Form*.

## Bidding in person

You should come to our *Bidder* registration desk at the *Sale* venue and fill out a *Bidder* Registration Form on (or, if possible, before) the day of the *Sale*. The bidding number system is sometimes referred to as "paddle bidding". You will be issued with a large card (a "paddle") with a printed number on it. This will be attributed to you for the purposes of the *Sale*. Should you be a successful *Bidder* you will need to ensure that your number can be clearly seen by the *Auctioneer* and that it is your number which is identified as the *Buyer's*. You should not let anyone else use your paddle as all *Lots* will be invoiced to the name and address given on your *Bidder* Registration Form. Once an invoice is issued it will not be changed. If there is any doubt as to the *Hammer Price* of, or whether you are the successful *Bidder* of, a particular *Lot*, you must draw this to the attention of the *Auctioneer* before the next *Lot* is offered for *Sale*. At the end of the *Sale*, or when you have finished bidding please return your paddle to the *Bidder* registration desk.

## Bidding by telephone

If you wish to bid at the *Sale* by telephone, please complete a *Telephone Bidding Form*, which is available from our offices or in the *Catalogue*. Please then return it to the office responsible for the *Sale* at least 24 hours in advance of the *Sale*. It is your responsibility to check with our Bids Office that your bid has been received. Telephone calls will be recorded. The telephone bidding facility is a discretionary service and may not be available in relation to all *Lots*. We will not be responsible for bidding on your behalf if you are unavailable at the time of the *Sale* or if the telephone connection is interrupted during bidding. Please contact us for further details.

## Bidding by post or fax

Absentee *Bidding Forms* can be found in the back of this *Catalogue* and should be completed and sent to the office responsible for the *Sale*. It is in your interests to return your form as soon as possible, as if two or more *Bidders* submit identical bids for a *Lot*, the first bid received takes preference. In any event, all bids should be received at least 24 hours before the start of the *Sale*. Please check your Absentee *Bidding Form* carefully before returning it to us, fully completed and signed by you. It is your responsibility to check with our Bids Office that your bid has been received. This additional service is complimentary and is confidential. Such bids are made at your own risk and we cannot accept liability for our failure to receive and/or place any such bids. All bids made on your behalf will be made at the lowest level possible subject to *Reserves* and other bids made for the *Lot*. Where appropriate your bids will be rounded down to the nearest amount consistent with the *Auctioneer's* bidding increments. New *Bidders* must also provide proof of identity and address when submitting bids. Failure to do this will result in your bid not being placed.

## Bidding via the internet

Please visit our *Website* at <http://www.bonhams.com> for details of how to bid via the internet.

## Bidding through an agent

Bids will be accepted as placed on behalf of the person named as the principal on the *Bidding Form* although we may refuse to accept bids from an agent on behalf of a principal and will require written confirmation from the principal confirming the agent's authority to bid. Nevertheless, as the *Bidding Form* explains, any person placing a bid as agent on behalf of another (whether or not he has disclosed that fact or the identity of his principal) will be jointly and severally liable with the principal to the *Seller* and to *Bonhams* under any contract resulting from the acceptance of a bid. Subject to the above, please let us know if you are acting on behalf of another person when bidding for *Lots* at the *Sale*.

Equally, please let us know if you intend to nominate another person to bid on your behalf at the *Sale* unless this is to be carried out by us pursuant to a Telephone or Absentee *Bidding Form* that you have completed. If we do not approve the agency arrangements in writing before the *Sale*, we are entitled to assume that the person bidding at the *Sale* is bidding on his own behalf. Accordingly, the person bidding at the *Sale* will be the *Buyer* and will be liable to pay the *Hammer Price* and

*Buyer's Premium* and associated charges. If we approve the identity of your client in advance, we will be in a position to address the invoice to your principal rather than you. We will require proof of the agent's client's identity and residence in advance of any bids made by the agent on his behalf. Please refer to our *Conditions of Business* and contact our Customer Services Department for further details.

## 6. CONTRACTS BETWEEN THE BUYER AND SELLER AND THE BUYER AND BONHAMS

On the *Lot* being knocked down to the *Buyer*, a *Contract for Sale* of the *Lot* will be entered into between the *Seller* and the *Buyer* on the terms of the *Contract for Sale* set out in Appendix 1 at the back of the *Catalogue*. You will be liable to pay the *Purchase Price*, which is the *Hammer Price* plus any applicable *VAT*. At the same time, a separate contract is also entered into between us as *Auctioneers* and the *Buyer*. This is our *Buyer's Agreement*, the terms of which are set out in Appendix 2 at the back of the *Catalogue*. Please read the terms of the *Contract for Sale* and our *Buyer's Agreement* contained in the *Catalogue* in case you are the successful *Bidder*. We may change the terms of either or both of these agreements in advance of their being entered into, by setting out different terms in the *Catalogue* and/or by placing an insert in the *Catalogue* and/or by notices at the *Sale* venue and/or by oral announcements before and during the *Sale*. You should be alert to this possibility of changes and ask if there have been any.

## 7. BUYER'S PREMIUM AND OTHER CHARGES PAYABLE BY THE BUYER

Under the *Buyer's Agreement*, a premium (the *Buyer's Premium*) is payable to us by the *Buyer* in accordance with the terms of the *Buyer's Agreement* and at rates set out below, calculated by reference to the *Hammer Price* and payable in addition to it. For this *Sale* the following rates of *Buyer's Premium* will be payable by *Buyers* of *Lots*:

25% up to £175,000 of the *Hammer Price*  
20% from £175,001 to £3,000,000 of the *Hammer Price*  
12.5% from £3,000,001 of the *Hammer Price*

Storage and handling charges may also be payable by the *Buyer* as detailed on the specific *Sale* Information page at the front of the catalogue.

The *Buyer's Premium* and all other charges payable to us by the *Buyer* are subject to *VAT* at the prevailing rate, currently 20%.

*VAT* may also be payable on the *Hammer Price* of the *Lot*, where indicated by a symbol beside the *Lot* number. See paragraph 8 below for details.

On certain *Lots*, which will be marked "AR" in the *Catalogue* and which are sold for a *Hammer Price* of €1,000 or greater (converted into the currency of the *Sale* using the European Central Bank Reference rate prevailing on the date of the *Sale*), the *Additional Premium* will be payable to us by the *Buyer* to cover our *Expenses* relating to the payment of royalties under the Artists Resale Right Regulations 2006. The *Additional Premium* will be a percentage of the amount of the *Hammer Price* calculated in accordance with the table below, and shall not exceed €12,500 (converted into the currency of the *Sale* using the European Central Bank Reference rate prevailing on the date of the *Sale*).

<i>Hammer Price</i>	Percentage amount
From €0 to €50,000	4%
From €50,000.01 to €200,000	3%
From €200,000.01 to €350,000	1%
From €350,000.01 to €500,000	0.5%
Exceeding €500,000	0.25%

## 8. VAT

The prevailing rate of *VAT* at the time of going to press is 20%, but this is subject to government change and the rate payable will be the rate in force on the date of the *Sale*.

The following symbols, shown beside the *Lot* number, are used to denote that *VAT* is due on the *Hammer Price* and *Buyer's Premium*:

- † *VAT* at the prevailing rate on *Hammer Price* and *Buyer's Premium*
- Ω *VAT* on imported items at the prevailing rate on *Hammer Price* and *Buyer's Premium*
- \* *VAT* on imported items at a preferential rate of 5% on *Hammer Price* and the prevailing rate on *Buyer's Premium*
- G Gold bullion exempt from *VAT* on the *Hammer Price* and subject to *VAT* at the prevailing rate on the *Buyer's Premium*
- Zero rated for *VAT*, no *VAT* will be added to the *Hammer Price* or the *Buyer's Premium*
- α *Buyers* from within the EU: *VAT* is payable at the prevailing rate on just the *Buyer's Premium* (NOT the *Hammer Price*). *Buyers* from outside the EU: *VAT* is payable at the prevailing rate on both *Hammer Price* and *Buyer's Premium*. If a *Buyer*, having registered under a non-EU address, decides that the item is not to be exported from the EU, then he should advise *Bonhams* immediately.

In all other instances no *VAT* will be charged on the *Hammer Price*, but *VAT* at the prevailing rate will be added to *Buyer's Premium* which will be invoiced on a *VAT* inclusive basis.

## 9. PAYMENT

It is of critical importance that you ensure that you have readily available funds to pay the *Purchase Price* and the *Buyer's Premium* (plus *VAT* and any other charges and *Expenses* to us) in full before making a bid for the *Lot*. If you are a successful *Bidder*, payment will be due to us by 4.30 pm on the second working day after the *Sale* so that all sums are cleared by the eighth working day after the *Sale*. Payments made by anyone other than the registered *Buyer* will not be accepted. *Bonhams* reserves the right to vary the terms of payment at any time.

### Bonhams' preferred payment method is by bank transfer.

You may electronically transfer funds to our *Trust Account*. If you do so, please quote your paddle number and invoice number as the reference. Our *Trust Account* details are as follows:

250 Regent Street  
London W1A 4RY  
Account Name: Bonhams 1793 Limited Trust Account

Sort Code: 56-00-27  
IBAN Number: GB 33 NWBK 560027 25563009

If paying by bank transfer, the amount received after the deduction of any bank fees and/or conversion of the currency of payment to pounds sterling must not be less than the sterling amount payable, as set out on the invoice.

**Sterling personal cheque drawn on a UK branch of a bank or building society:** all cheques must be cleared before you can collect your purchases and should be made payable to Bonhams 1793 Limited.

**Cash:** you may pay for *Lots* purchased by you at this *Sale* with notes or coins in the currency in which the *Sale* is conducted (but not any other currency) provided that the total amount payable by you in respect of all *Lots* purchased by you at the *Sale* does not exceed £3,000, or the equivalent in the currency in which the *Sale* is conducted, at the time when payment is made. If the amount payable by you for *Lots* exceeds that sum, the balance must be paid otherwise than in coins or notes; this limit applies to both payment at our premises and direct deposit into our bank account.

**Debit cards (including China Union Pay (CUP) cards and debit cards issued by Visa and MasterCard only).** There is no limit on payment value if payment is made in person using Chip & Pin verification.

**Payment by telephone** may also be accepted up to £5,000, subject to appropriate verification procedures, although this facility is not available for first time buyers. If the amount payable by you for *Lots* exceeds that sum, the balance must be paid by other means.

It may be advisable to notify your debit or credit card provider of your intended purchase in advance to reduce delays caused by us having to seek authority when you come to pay.

**Note: only one debit or credit card may be used for payment of an account balance.** If you have any questions with regards to card payments, please contact our Customer Services Department.

## 10. COLLECTION AND STORAGE

The *Buyer* of a *Lot* will not be allowed to collect it until payment in full and in cleared funds has been made (unless we have made a special arrangement with the *Buyer*). For collection and removal of purchased *Lots*, please refer to *Sale* Information at the front of the *Catalogue*. Our offices are open 9.00am – 5pm Monday to Friday. Details relating to the collection of a *Lot*, the storage of a *Lot* and our *Storage Contractor* after the *Sale* are set out in the *Catalogue*.

## 11. SHIPPING

For information and estimates on domestic and international shipping as well as export licenses please contact Alban Shipping on +44 (0) 1582 493 099 enquiries@albanshipping.co.uk

## 12. EXPORT/TRADE RESTRICTIONS

It is your sole responsibility to comply with all export and import regulations relating to your purchases and also to obtain any relevant export and/or import licence(s). Export licences are issued by Arts Council England and application forms can be obtained from its Export Licensing Unit. The detailed provisions of the export licencing arrangements can be found on the ACE website <http://www.artscouncil.org.uk/what-we-do/supporting-museums/cultural-property/export-controls/export-licensing/> or by phoning ACE on +44 (0)20 7973 5188. The need for import licences varies from country to country and you should acquaint yourself with all relevant local requirements and provisions. The refusal of any import or export licence(s) or any delay in obtaining such licence(s) shall not permit the rescission of any *Sale* nor allow any delay in making full payment for the *Lot*. Generally, please contact our shipping department before the *Sale* if you require assistance in relation to export regulations.

## 13. CITES REGULATIONS

Please be aware that all *Lots* marked with the symbol Y are subject to CITES regulations when exporting these items outside the EU. These regulations may be found at <http://www.defra.gov.uk/ahvla-en/imports-exports/cites/> or may be requested from:

Animal Health and Veterinary Laboratories Agency (AHVLA)  
Wildlife Licencing  
Floor 1, Zone 17, Temple Quay House  
2 The Square, Temple Quay  
BRISTOL BS1 6EB  
Tel: +44 (0) 117 372 8774

## 14. THE SELLERS AND/OR BONHAMS' LIABILITY

Other than any liability of the *Seller* to the *Buyer* of a *Lot* under the *Contract for Sale*, neither we nor the *Seller* are liable (whether in negligence or otherwise) for any error or misdescription or omission in any *Description* of a *Lot* or any *Estimate* in respect of it, whether contained in the *Catalogue* or

otherwise, whether given orally or in writing and whether given before or during the *Sale*. Neither we nor the *Seller* will be liable for any loss of *Business*, profits, revenue or income, or for loss of reputation, or for disruption to *Business* or wasted time on the part of management or staff, or for indirect losses or consequential damages of any kind, irrespective in any case of the nature, volume or source of the loss or damage alleged to be suffered, and irrespective of whether the said loss or damage is caused by or claimed in respect of any negligence, other tort, breach of contract (if any) or statutory duty, restitutionary claim or otherwise. In any circumstances where we and/or the *Seller* are liable in relation to any *Lot* or any *Description* or *Estimate* made of any *Lot*, or the conduct of any *Sale* in relation to any *Lot*, whether in damages, for an indemnity or contribution, or for a restitutionary remedy or otherwise, our and/or the *Seller's* liability (combined, if both we and the *Seller* are liable) will be limited to payment of a sum which will not exceed by way of maximum the amount of the *Purchase Price* of the *Lot* irrespective in any case of the nature, volume or source of any loss or damage alleged to be suffered or sum claimed as due, and irrespective of whether the liability arises from any negligence, other tort, breach of contract (if any) or statutory duty or otherwise. Nothing set out above will be construed as excluding or restricting (whether directly or indirectly) our liability or excluding or restricting any person's rights or remedies in respect of (i) fraud, or (ii) death or personal injury caused by our negligence (or by the negligence of any person under our control or for whom we are legally responsible), or (iii) acts or omissions for which we are liable under the Occupiers Liability Act 1957, or (iv) any other liability to the extent the same may not be excluded or restricted as a matter of law or (v) our undertakings under paragraphs 9 (in relation to specialist *Stamp* or *Book Sales* only) and 10 of the *Buyer's Agreement*. The same applies in respect of the *Seller*, as if references to us in this paragraph were substituted with references to the *Seller*.

## 15. BOOKS

As stated above, all *Lots* are sold on an "as is" basis, subject to all faults, imperfections and errors of *Description* save as set out below. However, you will be entitled to reject a *Book* in the circumstances set out in paragraph 11 of the *Buyers Agreement*. Please note that *Lots* comprising printed *Books*, unframed maps and bound manuscripts are not liable to VAT on the *Buyer's Premium*.

## 16. CLOCKS AND WATCHES

All *Lots* are sold "as is", and the absence of any reference to the condition of a clock or watch does not imply that the *Lot* is in good condition and without defects, repairs or restorations. Most clocks and watches have been repaired in the course of their normal lifetime and may now incorporate parts not original to them. Furthermore, *Bonhams* makes no representation or warranty that any clock or watch is in working order. As clocks and watches often contain fine and complex mechanisms, *Bidders* should be aware that a general service, change of battery or further repair work, for which the *Buyer* is solely responsible, may be necessary. *Bidders* should be aware that the importation of watches such as Rolex, Frank Muller and Corum into the United States is highly restricted. These watches may not be shipped to the USA and can only be imported personally.

## 17. FIREARMS – PROOF, CONDITION AND CERTIFICATION

### Proof of Firearms

The term "proof exemption" indicates that a firearm has been examined at a Proof House, but not proved, as either (a) it was deemed of interest and not intended for use, or (b) ammunition was not available. In either case, the firearm must be regarded as unsafe to fire unless subsequently proved. Firearms proved for Black Powder should not be used with smokeless ammunition.

The term "Certificate of Unprovability" indicates that a firearm has been examined at a Proof House and is deemed both unsuitable for proof and use. Reproof is required before any such firearm is to be used.

### Guns Sold as Parts

Barrels of guns sold as parts will only be made available for

sleeving and measurements once rendered unserviceable according to the Gun Barrel Proof Act of 1968 to 1978 and the Rules of Proof.

## Condition of Firearms

Comment in this *Catalogue* is restricted, in general, to exceptional condition and to those defects that might affect the immediate safety of a firearm in normal use. An intending *Bidder* unable to make technical examinations and assessments is recommended to seek advice from a gunmaker or from a modern firearms specialist. All prospective *Bidders* are advised to consult the ° of bore and wall-thickness measurements posted in the saleroom and available from the department. *Bidders* should note that guns are stripped only where there is a strong indication of a mechanical malfunction. Stripping is not, otherwise, undertaken. Guns intended for use should be stripped and cleaned beforehand. Hammer guns should have their rebound mechanisms checked before use. The safety mechanisms of all guns must be tested before use. All measurements are approximate.

## Original Gun Specifications Derived from Gunmakers

The Sporting Gun Department endeavours to confirm a gun's original specification and date of manufacture with makers who hold their original records.

## Licensing Requirements Firearms Act 1968 as amended

*Bonhams* is constantly reviewing its procedures and would remind you that, in the case of firearms or shotguns subject to certification, to conform with current legislation, *Bonhams* is required to see, as appropriate, your original registered firearms dealer's certificate / shot gun certificate / firearm certificate / museum firearms licence / Section 5 authority or import licence (or details of any exemption from which you may benefit, for instance Crown servant status) for the firearm(s) you have purchased prior to taking full payment of the amount shown on your invoice. Should you not already be in possession of such an authority or exemption, you are required to initially pay a deposit of 95% of the total invoice with the balance of 5% payable on presentation of your valid certificate or licence showing your authority to hold the firearm(s) concerned.

Please be advised that if a successful *Bidder* is then unable to produce the correct paperwork, the *Lot(s)* will be reoffered by *Bonhams* in the next appropriate *Sale*, on standard terms for *Sellers*, and you will be responsible for any loss incurred by *Bonhams* on the original *Sale* to you.

In the case of RFD certificates and Section 5 authorities, we wish to keep an up-to-date copy on file. Please supply us with a Fax or photocopy. It would be helpful if you could send us an updated copy whenever your certificate or authority is renewed or changed.

*Lots* marked 'S1' and bearing red labels are Section 1 firearms and require a valid British Firearms certificate, RFD Licence or import licence.

*Lots* marked 'S2' and bearing blue labels are Section 2 firearms and require a valid British Shotgun certificate, RFD licence or import licence.

*Lots* marked 'S5' and bearing specially marked red labels are Section 5 prohibited firearms and require a valid Section 5 Authority or import licence.

*Lots* marked with a 'S58' and bearing yellow labels are for obsolete calibres and no licence is required unless ammunition is held.

Unmarked *Lots* require no licence.

Please do not hesitate to contact the Modern Sporting Gun Department should you have any queries.

## Taxidermy and Related Items

As a *Seller* of these articles, *Bonhams* undertakes to comply fully with Cites and DEFRA regulations. *Buyers* are advised to inform themselves of all such regulations and should expect the exportation of items to take some time to arrange.

## 18. FURNITURE

### Upholstered Furniture

Whilst we take every care in cataloguing furniture which has been upholstered we offer no *Guarantee* as to the originality of the wood covered by fabric or upholstery.

## 19. JEWELLERY

### Gemstones

Historically many gemstones have been subjected to a variety of treatments to enhance their appearance. Sapphires and rubies are routinely heat treated to improve their colour and clarity, similarly emeralds are frequently treated with oils or resin for the same purpose. Other treatments such as staining, irradiation or coating may have been used on other gemstones. These treatments may be permanent, whilst others may need special care or re-treatment over the years to retain their appearance. *Bidders* should be aware that *Estimates* assume that gemstones may have been subjected to such treatments. A number of laboratories issue certificates that give more detailed *Descriptions* of gemstones. However there may not be consensus between different laboratories on the degrees, or types of treatment for any particular gemstone. In the event that *Bonhams* has been given or has obtained certificates for any *Lot* in the *Sale* these certificates will be disclosed in the *Catalogue*. Although, as a matter of policy, *Bonhams* endeavours to provide certificates from recognised laboratories for certain gemstones, it is not feasible to obtain certificates for each *Lot*. In the event that no certificate is published in the *Catalogue*, *Bidders* should assume that the gemstones may have been treated. Neither *Bonhams* nor the *Seller* accepts any liability for contradictions or differing certificates obtained by *Buyers* on any *Lots* subsequent to the *Sale*.

### Estimated Weights

If a stone(s) weight appears within the body of the *Description* in capital letters, the stone(s) has been unmounted and weighed by *Bonhams*. If the weight of the stone(s) is stated to be approximate and does not appear in capital letters, the stone(s) has been assessed by us within its/their settings, and the stated weight is a statement of our opinion only. This information is given as a guide and *Bidders* should satisfy themselves with regard to this information as to its accuracy.

When the maker's name appears in the title, in *Bonhams'* opinion the piece is by that maker.

#### 2. A diamond brooch, signed Kutchinsky

Has a signature that, in *Bonhams'* opinion, is authentic but may contain gemstones that are not original, or the piece may have been altered.

#### 3. A diamond brooch, mounted by Kutchinsky

## 20. PHOTOGRAPHS

### Explanation of Catalogue Terms

- "Bill Brandt": in our opinion a work by the artist.
- "Attributed to Bill Brandt": in our opinion probably a work by the artist, but less certainty to authorship is expressed than in the preceding category.
- "Signed and/or titled and/or dated and/or inscribed": in our opinion the signature and/or title and/or date and/or inscription are in the artist's hand.
- "Signed and/or titled and/or dated and/or inscribed in another hand": in our opinion the signature and/or title and/or date and/or inscription have been added by another hand.
- The date given is that of the image (negative). Where no further date is given, this indicates that the photographic print is vintage (the term "vintage" may also be included in the *Lot Description*). A vintage photograph is one which was made within approximately 5-10 years of the negative. Where a second, later date appears, this refers to the date of printing. Where the exact printing date is not known, but understood to be later, "printed later" will appear in the *Lot Description*.

- Unless otherwise specified, dimensions given are those of the piece of paper on which the image is printed, including any margins. Some photographs may appear in the *Catalogue* without margins illustrated.
- All photographs are sold unframed unless stated in the *Lot Description*.

## 21. PICTURES

### Explanation of Catalogue Terms

The following terms used in the *Catalogue* have the following meanings but are subject to the general provisions relating to *Descriptions* contained in the *Contract for Sale*:

- "Jacopo Bassano": in our opinion a work by the artist. When the artist's forename(s) is not known, a series of asterisks, followed by the surname of the artist, whether preceded by an initial or not, indicates that in our opinion the work is by the artist named;
- "Attributed to Jacopo Bassano": in our opinion probably a work by the artist but less certainty as to authorship is expressed than in the preceding category;
- "Studio/Workshop of Jacopo Bassano": in our opinion a work by an unknown hand in a studio of the artist which may or may not have been executed under the artist's direction;
- "Circle of Jacopo Bassano": in our opinion a work by a hand closely associated with a named artist but not necessarily his pupil;
- "Follower of Jacopo Bassano": in our opinion a work by a painter working in the artist's style, contemporary or nearly contemporary, but not necessarily his pupil;

- "After Jacopo Bassano": in our opinion, a copy of a known work of the artist;

- "Bears a signature and/or date and/or inscription": in our opinion the signature and/or date and/or inscription have been added by another hand.

## 22. PORCELAIN AND GLASS

### Damage and Restoration

For your guidance, in our *Catalogues* we detail, as far as practicable, recorded all significant defects, cracks and restoration. Such practicable *Descriptions* of damage cannot be definitive, and in providing *Condition Reports*, we cannot *Guarantee* that there are no other defects present which have not been mentioned. *Bidders* should satisfy themselves by inspection, as to the condition of each *Lot*. Please see the *Contract for Sale* printed in this *Catalogue*. Because of the difficulty in determining whether an item of glass has been repolished, in our *Catalogues* reference is only made to visible chips and cracks. No mention is made of repolishing, severe or otherwise.

## 23. VEHICLES

### The Veteran Car Club of Great Britain

#### Dating Plates and Certificates

When mention is made of a Veteran Car Club Dating Plate or Dating Certificate in this *Catalogue*, it should be borne in mind that the Veteran Car Club of Great Britain using the services of Veteran Car Company Ltd, does from time to time, review cars already dated and, in some instances, where fresh evidence becomes available, the review can result in an alteration of date. Whilst the Club and Veteran Car Company Ltd make every effort to ensure accuracy, the date shown on the Dating Plate or Dating Certificate cannot be guaranteed as correct and intending purchasers should make their own enquiries as to the date of the car.

## 24. WINE

*Lots* which are lying under Bond and those liable to VAT may not be available for immediate collection.

### Examining the wines

It is occasionally possible to provide a pre-*Sale* tasting for larger parcels (as defined below). This is generally limited to more recent and everyday drinking wines. Please contact the department for details.

It is not our policy to inspect every unopened case. In the case of wines older than 20 years the boxes will usually have been opened and levels and appearance noted in the *Catalogue* where necessary. You should make proper allowance for variations in ullage levels and conditions of corks, capsules and labels.

### Corks and Ullages

Ullage refers to the space between the base of the cork and the wine. Ullage levels for Bordeaux shaped bottles are only normally noted when below the neck and for Burgundy, Alsace, German and Cognac shaped bottles when greater than 4 centimetres (cm). Acceptable ullage levels increase with age; generally acceptable levels are as follows:

Under 15 years old – into neck or less than 4cm  
15 to 30 years old – top shoulder (ts) or up to 5cm  
Over 30 years old – high shoulder (hs) or up to 6cm

It should be noted that ullages may change between publication of the *Catalogue* and the *Sale* and that corks may fail as a result of transporting the wine. We will only accept responsibility for *Descriptions* of condition at the time of publication of the *Catalogue* and cannot accept responsibility for any loss resulting from failure of corks either before or after this point.

### Options to buy parcels

A parcel is a number of *Lots* of identical size of the same wine, bottle size and *Description*. The *Buyer* of any of these *Lots* has the option to accept some or all of the remaining *Lots* in the parcel at the same price, although such options will be at the *Auctioneer's* sole discretion. Absentee *Bidders* are, therefore, advised to bid on the first *Lot* in a parcel.

### Wines in Bond

Wines lying in Bond are marked Δ. All *Lots* sold under Bond, and which the *Buyer* wishes to remain under Bond, will be invoiced without VAT or Duty on the *Hammer Price*. If the *Buyer* wishes to take the *Lot* as Duty paid, UK Excise Duty and VAT will be added to the *Hammer Price* on the invoice.

*Buyers* must notify *Bonhams* at the time of the *sale* whether they wish to take their wines under Bond or Duty paid. If a *Lot* is taken under Bond, the *Buyer* will be responsible for all VAT, Duty, clearance and other charges that may be payable thereon.

*Buyers* outside the UK must be aware that any forwarding agent appointed to export their purchases must have a movement certificate for *Lots* to be released under Bond.

## APPENDIX 1

### CONTRACT FOR SALE

**IMPORTANT:** These terms may be changed in advance of the *Sale* of the *Lot* to you, by the setting out of different terms in the *Catalogue* for the *Sale* and/or by placing an insert in the *Catalogue* and/or by notices at the *Sale* venue and/or by oral announcements before and during the *Sale* at the *Sale* venue. You should be alert to this possibility of changes and ask in advance of bidding if there have been any.

Under this contract the *Seller's* liability in respect of the quality of the *Lot*, its fitness for any purpose and its conformity with any *Description* is limited. You are strongly advised to examine the *Lot* for yourself and/or obtain an independent examination of it before you buy it.

#### 1 THE CONTRACT

- 1.1 These terms govern the *Contract for Sale* of the *Lot* by the *Seller* to the *Buyer*.
- 1.2 The Definitions and Glossary contained in Appendix 3 in the *Catalogue* are incorporated into this *Contract for Sale* and a separate copy can also be provided by *Bonhams* on request. Where words and phrases are used which are in the List of Definitions, they are printed in italics.
- 1.3 The *Seller* sells the *Lot* as the principal to the *Contract for Sale*, such contract being made between the *Seller* and you through *Bonhams* which acts in the sole capacity as the *Seller's* agent and not as an additional principal. However, if the *Catalogue* states that *Bonhams* sells the *Lot* as principal, or such a statement is made by an announcement by the *Auctioneer*, or by a notice at the *Sale*, or an insert in the *Catalogue*, then *Bonhams* is the *Seller* for the purposes of this agreement.

- 1.4 The contract is made on the fall of the *Auctioneer's* hammer in respect of the *Lot* when it is knocked down to you.

#### 2 SELLER'S UNDERTAKINGS

- 2.1 The *Seller* undertakes to you that:
- 2.1.1 the *Seller* is the owner of the *Lot* or is duly authorised to sell the *Lot* by the owner;
- 2.1.2 save as disclosed in the *Entry* for the *Lot* in the *Catalogue*, the *Seller* sells the *Lot* with full title guarantee or, where the *Seller* is an executor, trustee, liquidator, receiver or administrator, with whatever right, title or interest he may have in the *Lot*;
- 2.1.3 except where the *Sale* is by an executor, trustee, liquidator, receiver or administrator the *Seller* is both legally entitled to sell the *Lot*, and legally capable of conferring on you quiet possession of the *Lot* and that the *Sale* conforms in every respect with the terms implied by the *Sale* of Goods Act 1979, Sections 12(1) and 12(2) (see the Definitions and Glossary);
- 2.1.4 the *Seller* has complied with all requirements, legal or otherwise, relating to any export or import of the *Lot*, and all duties and taxes in respect of the export or import of the *Lot* have (unless stated to the contrary in the *Catalogue* or announced by the *Auctioneer*) been paid and, so far as the *Seller* is aware, all third parties have complied with such requirements in the past;
- 2.1.5 subject to any alterations expressly identified as such made by announcement or notice at the *Sale* venue or by the *Notice to Bidders* or by an insert in the *Catalogue*, the *Lot* corresponds with the *Contractual Description* of the *Lot*, being that part of the *Entry* about the *Lot* in the *Catalogue* which is in bold letters and (except for colour) with any photograph of the *Lot* in the *Catalogue* and the contents of any *Condition Report* which has been provided to the *Buyer*.

#### 3 DESCRIPTIONS OF THE LOT

- 3.1 Paragraph 2.1.5 sets out what is the *Contractual Description* of the *Lot*. In particular, the *Lot* is not sold as corresponding with that part of the *Entry* in the *Catalogue* which is not printed in bold letters, which merely sets out (on the *Seller's* behalf) *Bonhams'* opinion about the *Lot* and which is not part of the *Contractual Description* upon which the *Lot* is sold. Any statement or representation other than that part of the *Entry* referred to in paragraph 2.1.5 (together with any express alteration to it as referred to in paragraph 2.1.5), including any *Description* or *Estimate*, whether made orally or in writing, including in the *Catalogue* or on *Bonhams' Website*, or by conduct, or otherwise, and whether by or on behalf of the *Seller* or *Bonhams* and whether made prior to or during the *Sale*, is not part of the *Contractual Description* upon which the *Lot* is sold.
- 3.2 Except as provided in paragraph 2.1.5, the *Seller* does not make or give and does not agree to make or give any contractual promise, undertaking, obligation, guarantee, warranty, or representation of fact, or undertake any duty of care, in relation to any *Description* of the *Lot* or any *Estimate* in relation to it, nor of the accuracy or completeness of any *Description* or *Estimate* which may have been made by or on behalf of the *Seller* including by *Bonhams*. No such *Description* or *Estimate* is incorporated into this *Contract for Sale*.

#### 4 FITNESS FOR PURPOSE AND SATISFACTORY QUALITY

- 4.1 The *Seller* does not make and does not agree to make any contractual promise, undertaking, obligation, guarantee, warranty, or representation of fact in relation to the satisfactory quality of the *Lot* or its fitness for any purpose.

- 4.2 The *Seller* will not be liable for any breach of any undertaking, whether implied by the *Sale* of Goods Act 1979 or otherwise, as to the satisfactory quality of the *Lot* or its fitness for any purpose.

#### 5 RISK, PROPERTY AND TITLE

- 5.1 Risk in the *Lot* passes to you when it is knocked down to you on the fall of the *Auctioneer's* hammer in respect of the *Lot*. The *Seller* will not be responsible thereafter for the *Lot* prior to you collecting it from *Bonhams* or the *Storage Contractor*, with whom you have separate contract(s) as *Buyer*. You will indemnify the *Seller* and keep the *Seller* fully indemnified from and against all claims, proceedings, costs, expenses and losses arising in respect of any injury, loss and damage caused in the *Lot* after the fall of the *Auctioneer's* hammer until you obtain full title to it.
- 5.2 Title to the *Lot* remains in and is retained by the *Seller* until the *Purchase Price* and all other sums payable by you to *Bonhams* in relation to the *Lot* have been paid in full to, and received in cleared funds by, *Bonhams*.

#### 6 PAYMENT

- 6.1 Your obligation to pay the *Purchase Price* arises when the *Lot* is knocked down to you on the fall of the *Auctioneer's* hammer in respect of the *Lot*.
- 6.2 Time will be of the essence in relation to payment of the *Purchase Price* and all other sums payable by you to *Bonhams*. Unless agreed in writing with you by *Bonhams* on the *Seller's* behalf (in which case you must comply with the terms of that agreement), all such sums must be paid to *Bonhams* by you in the currency in which the *Sale* was conducted by not later than 4.30pm on the second working day following the *Sale* and you must ensure that the funds are cleared by the seventh working day after the *Sale*. Payment must be made to *Bonhams* by one of the methods stated in the *Notice to Bidders* unless otherwise agreed with you in writing by *Bonhams*. If you do not pay any sums due in accordance with this paragraph, the *Seller* will have the rights set out in paragraph 8 below.

#### 7 COLLECTION OF THE LOT

- 7.1 Unless otherwise agreed in writing with you by *Bonhams*, the *Lot* will be released to you or to your order only when *Bonhams* has received cleared funds to the amount of the full *Purchase Price* and all other sums owed by you to the *Seller* and to *Bonhams*.
- 7.2 The *Seller* is entitled to withhold possession from you of any other *Lot* he has sold to you at the same or at any other *Sale* and whether currently in *Bonhams'* possession or not until payment in full and in cleared funds of the *Purchase Price* and all other sums due to the *Seller* and/or *Bonhams* in respect of the *Lot*.
- 7.3 You will collect and remove the *Lot* at your own expense from *Bonhams'* custody and/ or control or from the *Storage Contractor's* custody in accordance with *Bonhams'* instructions or requirements.
- 7.4 You will be wholly responsible for packing, handling and transport of the *Lot* on collection and for complying with all import or export regulations in connection with the *Lot*.
- 7.5 You will be wholly responsible for any removal, storage or other charges or *Expenses* incurred by the *Seller* if you do not remove the *Lot* in accordance with this paragraph 7 and will indemnify the *Seller* against all charges, costs, including any legal costs and fees, *Expenses* and losses suffered by the *Seller* by reason of your failure to remove the *Lot* including any charges due under any *Storage Contract*. All such sums due to the *Seller* will be payable on demand.

<b>8 FAILURE TO PAY FOR THE LOT</b>	<b>9 THE SELLER'S LIABILITY</b>	<b>10.3</b>	If either party to the <i>Contract for Sale</i> is prevented from performing that party's respective obligations under the <i>Contract for Sale</i> by circumstances beyond its reasonable control or if performance of its obligations would by reason of such circumstances give rise to a significantly increased financial cost to it, that party will not, for so long as such circumstances prevail, be required to perform such obligations. This paragraph does not apply to the obligations imposed on you by paragraph 6.
8.1 If the <i>Purchase Price</i> for a <i>Lot</i> is not paid to <i>Bonhams</i> in full in accordance with the <i>Contract for Sale</i> the <i>Seller</i> will be entitled, with the prior written agreement of <i>Bonhams</i> but without further notice to you, to exercise one or more of the following rights (whether through <i>Bonhams</i> or otherwise):	9.1 The <i>Seller</i> will not be liable for any injury, loss or damage caused by the <i>Lot</i> after the fall of the <i>Auctioneer's</i> hammer in respect of the <i>Lot</i> .	10.4	Any notice or other communication to be given under the <i>Contract for Sale</i> must be in writing and may be delivered by hand or sent by first class post or air mail or fax transmission, if to the <i>Seller</i> , addressed c/o <i>Bonhams</i> at its address or fax number in the <i>Catalogue</i> (marked for the attention of the Company Secretary), and if to you to the address or fax number of the <i>Buyer</i> given in the <i>Bidding Form</i> (unless notice of any change of address is given in writing). 8.1.1 to terminate immediately the <i>Contract for Sale</i> of the <i>Lot</i> for your breach of contract;	9.2 Subject to paragraph 9.3 below, except for breach of the express undertaking provided in paragraph 2.1.5, the <i>Seller</i> will not be liable for any breach of any term that the <i>Lot</i> will correspond with any <i>Description</i> applied to it by or on behalf of the <i>Seller</i> , whether implied by the Sale of Goods Act 1979 or otherwise.	10.5	If any term or any part of any term of the <i>Contract for Sale</i> is held to be unenforceable or invalid, such unenforceability or invalidity will not affect the enforceability and validity of the remaining terms or the remainder of the relevant term.
8.1.2 to resell the <i>Lot</i> by auction, private treaty or any other means on giving seven days' written notice to you of the intention to resell;	9.3 Unless the <i>Seller</i> sells the <i>Lot</i> in the course of a <i>Business</i> and the <i>Buyer</i> buys it as a <i>Consumer</i> ,	10.6	References in the <i>Contract for Sale</i> to <i>Bonhams</i> will, where appropriate, include reference to <i>Bonhams'</i> officers, employees and agents.

## APPENDIX 2

### BUYER'S AGREEMENT

**IMPORTANT:** These terms may be changed in advance of the Sale of the Lot to you, by the setting out of different terms in the Catalogue for the Sale and/or by placing an insert in the Catalogue and/or by notices at the Sale venue and/or by oral announcements before and during the Sale at the Sale venue. You should be alert to this possibility of changes and ask in advance of bidding if there have been any.

#### 1 THE CONTRACT

- 1.1 These terms govern the contract between *Bonhams* personally and the *Buyer*, being the person to whom a Lot has been knocked down by the *Auctioneer*.
- 1.2 The Definitions and Glossary contained in Appendix 3 to the Catalogue for the Sale are incorporated into this agreement and a separate copy can also be provided by us on request. Where words and phrases which are defined in the List of Definitions are used in this agreement, they are printed in italics. Reference is made in this agreement to information printed in the *Notice to Bidders*, printed in the Catalogue for the Sale, and where such information is referred to it is incorporated into this agreement.
- 1.3 Except as specified in paragraph 4 of the *Notice to Bidders* the Contract for Sale of the Lot between you and the Seller is made on the fall of the *Auctioneer's* hammer in respect of the Lot, when it is knocked down to you. At that moment a separate contract is also made between you and *Bonhams* on the terms in this *Buyer's Agreement*.
- 1.4 We act as agents for the Seller and are not answerable or personally responsible to you for any breach of contract or other default by the Seller, unless *Bonhams* sells the Lot as principal.
- 1.5 Our personal obligations to you are governed by this agreement and we agree, subject to the terms below, to the following obligations:
- 1.5.1 we will, until the date and time specified in the *Notice to Bidders* or otherwise notified to you, store the Lot in accordance with paragraph 5;

No such *Description* or *Estimate* is incorporated into this agreement between you and us. Any such *Description* or *Estimate*, if made by us or on our behalf, was (unless *Bonhams* itself sells the Lot as principal) made as agent on behalf of the Seller.

#### 2 PERFORMANCE OF THE CONTRACT FOR SALE

You undertake to us personally that you will observe and comply with all your obligations and undertakings to the Seller under the *Contract for Sale* in respect of the Lot.

#### 3 PAYMENT

- 3.1 Unless agreed in writing between you and us or as otherwise set out in the *Notice to Bidders*, you must pay to us by not later than 4.30pm on the second working day following the Sale:
- 3.1.1 the *Purchase Price* for the Lot;

- 3.1.3 if the Lot is marked [AR], an *Additional Premium* which is calculated and payable in accordance with the *Notice to Bidders* together with VAT on that sum if applicable so that all sums due to us are cleared funds by the seventh working day after the Sale.

- 3.3 All payments to us must be made in the currency in which the Sale was conducted, using, unless otherwise agreed by us in writing, one of the methods of payment set out in the *Notice to Bidders*. Our invoices will only be addressed to the registered Bidder unless the Bidder is acting as an agent for a named principal and we have approved that arrangement, in which case we will address the invoice to the principal.
- 3.4 Unless otherwise stated in this agreement all sums payable to us will be subject to VAT at the appropriate rate and VAT will be payable by you on all such sums.
- 3.5 We may deduct and retain for our own benefit from the monies paid by you to us the *Buyer's Premium*, the *Commission* payable by the Seller in respect of the Lot, any *Expenses* and VAT and any interest earned and/or incurred until payment to the Seller.
- 3.6 Time will be of the essence in relation to any payment payable to us. If you do not pay the *Purchase Price*, or any other sum due to us in accordance with this paragraph 3, we will have the rights set out in paragraph 7 below.
- 3.7 Where a number of Lots have been knocked down to you, any monies we receive from you will be applied firstly pro-rata to pay the *Purchase Price* of each Lot and secondly pro-rata to pay all amounts due to *Bonhams*.

#### 4 COLLECTION OF THE LOT

- 4.1 Subject to any power of the Seller or us to refuse to release the Lot to you, once you have paid to us, in cleared funds, everything due to the Seller and to us, we will release the Lot to you or as you may direct us in writing. The Lot will only be released on production of a buyer collection document, obtained from our cashier's office.
- 4.2 You must collect and remove the Lot at your own expense by the date and time specified in the *Notice to Bidders*, or if no date is specified, by 4.30pm on the seventh day after the Sale.
- 4.3 For the period referred to in paragraph 4.2, the Lot can be collected from the address referred to in the *Notice to Bidders* for collection on the days and times specified in the *Notice to Bidders*. Thereafter, the Lot may be removed elsewhere for storage and you must enquire from us as to when and where you can collect it, although this information will usually be set out in the *Notice to Bidders*.

- 4.4 If you have not collected the Lot by the date specified in the *Notice to Bidders*, you authorise us, acting as your agent and on your behalf, to enter into a contract (the "*Storage Contract*") with the *Storage Contractor* for the storage of the Lot on the then current standard terms and conditions agreed between *Bonhams* and the *Storage Contractor* (copies of which are available on request). If the Lot is stored at our premises storage fees at our current daily rates (currently a minimum of £3 plus VAT per Lot per day) will be payable from the expiry of the period referred to in paragraph 4.2. These storage fees form part of our *Expenses*.
- 4.5 Until you have paid the *Purchase Price* and any *Expenses* in full the Lot will either be held by us as agent on behalf of the Seller or held by the *Storage Contractor* as agent on behalf of the Seller and ourselves on the terms contained in the *Storage Contract*.
- 4.6 You undertake to comply with the terms of any *Storage Contract* and in particular to pay the charges (and all costs of moving the Lot into storage) due under any *Storage Contract*. You acknowledge and agree that you will not be able to collect the Lot from the *Storage Contractor's* premises until you have paid the *Purchase Price*, any *Expenses* and all charges due under the *Storage Contract*.
- 4.7 You will be wholly responsible for packing, handling and transport of the Lot on collection and for complying with all import or export regulations in connection with the Lot.
- 4.8 You will be wholly responsible for any removal, storage, or other charges for any Lot not removed in accordance with paragraph 4.2, payable at our current rates, and any *Expenses* we incur (including any charges due under the *Storage Contract*), all of which must be paid by you on demand and in any event before any collection of the Lot by you or on your behalf.

#### 5 STORING THE LOT

We agree to store the Lot until the earlier of your removal of the Lot or until the time and date set out in the *Notice to Bidders*, on the Sale Information Page or at the back of the catalogue (or if no date is specified, by 4.30pm on the seventh day after the Sale) and, subject to paragraphs 6 and 10, to be responsible as *bailee* to you for damage to or the loss or destruction of the Lot (notwithstanding that it is not your property before payment of the *Purchase Price*). If you do not collect the Lot before the time and date set out in the *Notice to Bidders* (or if no date is specified, by 4.30pm on the seventh day after the Sale) we may remove the Lot to another location, the details of which will usually be set out in the relevant section of the Catalogue. If you have not paid for the Lot in accordance with paragraph 3, and the Lot is moved to any third party's premises, the Lot will be held by such third party strictly to *Bonhams'* order and we will retain our lien over the Lot until we have been paid in full in accordance with paragraph 3.
