Having studied watchmaking in London and at the prestigious WOSTEP program in Neuchâtel Peter Speake-Marin has gone on to become one of the leading lights among modern independent watchmakers, working with such illustrious brands as Harry Winston, MB&F and Maîtres du Temps.

Following his graduation Peter worked for the renowned Somlo Antiques developing their restoration department and working on pieces from such lauded names as Arnold, Frodsham, Nielson as well as complicated early pieces from Patek Philippe and Breguet.

After his time in London, Speake-Marin returned to Switzerland to work at Renaud & Papi, developing and building highly complicated movements.

In 2000 Peter created the first watch to bear his name, a tourbillon pocket watch fittingly called The Foundation which gave him entry to the AHCI (Académie Horlogère des Créateurs Indépendants). In 2003 The Original Piccadilly watch was introduced, named after the arcade in London where Peter had worked while at Somlo's.

The current lot is one of his earliest executed pieces and will be a wonderful addition to any collector looking to explore independent watchmakers.

The inspiration for La Tradition is derived from the 'Souscription' watches created by Abraham Louis Breguet (1747-1823) during his exile from France in the time of the French Revolution. With his business virtually destroyed as a result of the conflict he came up with a plan whereby his clients could order a watch by paying a down payment and then the balance when the watch was delivered. This allowed him to finance the business and rebuild very successfully. The design and influence of these early pocket watches can clearly be identified in the La Tradition which Breguet have presented with an openwork dial to exhibit the exquisitely finished movement that pays homage to their triumphant founding father.

US\$13,000 - 19,000

Traditionally, the reference 5500 is associated with Rolex's Air-King design. For a few years in the 1960s however, Rolex also produced a small number of reference 5500 watches with Explorer dials that were almost indistinguishable from the classic Explorer Reference 1016. Instead of "Superlative Chronometer Officially Certified" the dials would spell out "Precision" or "Super Precision" below the hands.

The current example is an exceedingly rare variation of the Explorer dial with a number of features to set it apart. The beautifully preserved gilt lacquer finish showcases the Underline beneath the *Super Precision* and a double T-25 printing perfectly.

€21,000 - 25,000

US\$23,000 - 28,000

The 'Double-Red' Sea-Dweller reference 1665 appeared in the Rolex catalogue from 1973 until 1975. The nickname refers to the two red printed lines on the dial. The 'Sea-Dweller 2000' was one of the first production watches to employ a gas-escape valve on the band of the case, which allows the interior of a watch to decompress and avoids damage. The one way valve automatically releases built up gas from inside the case when the diver rises from the deep sea environment without which the watch would be in danger of popping the seals. Interestingly, the plexi glass covering the dial did not feature the usual cyclops magnifying the date window as it adds a pressure point which would cause a weakness.

The dial variations for the Double-Red Sea-Dweller are named Mark I to Mark IV among collectors and are distinguished by small variations in the style of the red writing. The present watch has a Mark IV dial which is the correct variation for the production period of the case.

The Rolex Daytona continues to be among the most sought after vintage watches on the market today. The bold contrast between the dial colour and the subsidiary dials makes this model instantly recognisable and as such it has long been lauded as a design icon. Both references 6263 and 6265 were launched in 1969, thus replacing the first Oyster Cosmograph 6240. The 6263, a stainless steel model with screw-down pushers remained in production for nearly 20 years.

The current lot presents as a complete set with not only the box but also guarantee papers as well as the original invoice. The watch is offered by the original owner.

£30,000 - 40,000

€34,000 - 46,000

US\$38,000 - 51,000

This Sea-Dweller is one of the rare examples of the reference 16660, a transitional reference which the collector's scene has aptly nicknamed "Triple Six". Improving the case design from its predecessor, the new water resistance of this specialised deep sea diver's watch was increased to a staggering 4.000 feet or 1,220 meters. This was made possible by an upgraded helium escape valve which can be seen in the watch band. The one way valve automatically releases built up gas from inside the case when the diver rises from the deep sea environment without which the watch would be in danger of popping the seals. Interestingly, the plexi glass covering the dial did not feature the usual cyclops magnifying the date window as it adds a pressure point which would cause a weakness. The Sea-Dweller Ref.16660 was also the first model to house the new shock resistant Calibre 3035.

The present example is rare not only because of its transitional reference, but also because it was purchased from the world famous jeweller Tiffany & Co. It proudly sports the retailer's signature on its Mark III dial. Coupled with this the provenance of the watch adds extra intrigue through its connection with the actor and director William 'Bill' Westley. Known largely for his Assistant Director roles on beloved productions such as *The Sweeney*, *Star Wars: Episode V - The Empire Strikes Back* and *Rob Roy*, the watch was given to Bill by one of his lead directors as a Christmas gift in 1988.

The watch is in spectacular unworn condition and is accompanied by its original Tiffany box and outer card as well as the American printed Tiffany Guarantee papers. Rolex connoisseurs the world over know the rarity of a full set Tiffany watch.

Paying homage to one of their most celebrated and valued patrons, Cartier introduced the La Dona collection in 2006 in honour of María Félix (1914-2002). The famous Mexican actress, nicknamed La Doña after her role in the 1943 film Doña Bárbara, adored the work of Cartier and once notoriously brought in a baby crocodile to one of their Maisons in order to commission a bespoke necklace in the form of two diamond set articulated crocodiles. The current range takes inspiration from this legend and the links of the La Dona bracelets evoke the form of crocodile hide.

The camellia is said to have been one of Coco Chanel's favourites and is a beautiful flower often providing colour in winter and early spring when little else is in bloom. The dial is set with around 300 brilliant cut diamonds in a pave setting. The case is set with a total of 1ct diamonds.

Rolex has produced an interesting range of hard stone dials throughout the decades - malachite, tiger's eye, onyx and lapis lazuli spring to mind immediately. But even though the looks of these different stones can give a completely different feel to the design of a watch, there is one thing they all have in common. Hard stone dials are always a challenge produce but do not change over time.

Carved from a large stone which needs to be of excellent quality, the slice needs to be cut exceedingly thin in order to produce a usable dial. Especially with types of stone that are on the more porous side in structure, this can be a challenge and many are rejected.

The complicated production process is clearly worth the effort. The nature of the material means each dial is truly unique and characterful.

In 2005, Patek replaced the Ref.5035 with the Annual Calendar Ref.5146. With the second generation (and current) Annual Calendar, Patek brought about a host of changes. Firstly, the case size grew to 39mm - a more fitting size for the market's demand for larger men's watches. The 24-hour indication of the 5035 was replaced with a moon phase and Patek also introduced a power reserve display. The current lot is from the earlier range of 5146s which operated with the calibre 315/299 before being later replaced by the calibre 324 S IRM QA LU.

Rolex produced a very limited series of this model, Ref.3529, from 1939 until 1942. At the time of its production, the Rolex Ref.3529 was lauded for being the smallest chronograph available on the market. The square shape of the case, much like the popular rectangular shaped Rolex Prince of the time stands as testimony that angular case designs were often favoured during this era. Today, only few examples remain of this particular early chronograph. The combination of the salmon dial with the rose gold case is not only attractive, but adds further to the rarity and desirability of this lot.

Ernst Hausmann, a talented watchmaker, arrived in Rome from Duisburg, Northern Germany in around 1870 and bought a successful watchmaking business from Innocenzo Ricci that had been in business since the late 18th century. He employed numerous highly skilled watch technicians to work on the premises and in 1891, 'Hausmann and Co.' was born. The Hausmann Company is still in business today in the same location and continues to retail fine watches.

Based on the classic reference 130 chronograph which was inspired by the popular Calatrava model, the 530 varied from its predecessor because of its oversized 36.5mm case; an impressive 4mm larger.

Launched in 1938 with a 13 lignes movement, it was available until the mid 1950s in yellow gold, rose gold and rarely stainless steel with either 19mm or 20mm lug width.

The current lot offers collectors the opportunity to own one of the finest examples of a yellow gold 530 to be offered at auction. The dial of the 530 is in exceptional condition and the watch is accompanied by its Extract from the Archives by Patek Philippe.

Omega designed a removable case in red anodized aluminium which was supposed to withstand extreme changes in temperatures anywhere from -150 degree Celsius to 260 degree Celsius.

In 2008, Omega launched a limited series of 1,970 watches to commemorate the prototypes of the Alaska Project.

Patek Philippe's reference 5035 was the first wristwatch to contain a patented annual calendar movement, requiring a date correction only once a year at the end of February. The watch will automatically correct the date for the other months ending in 30 or 31 days. Produced from 1996 through 2005, the reference 5035 was then replaced by the reference 5146, which replaced the 24-hour indication with a moon phase, and added a power reserve display. Please see lot 23 for an example of the reference 5146.

In 2007 F. P. Journe introduced to the horological world the Centigraphe Souverain. By arranging the chronograph system separate to the timekeeping function, the Centigraphe is able to measure from 10 minutes down to 1/100th of a second without draining the watch of power or affecting its accuracy. Another unique feature of the watch is its patented ergonomic chronograph activation system that functions via a rocker set in the band rather than the tradition chronograph buttons or pushers. This sleek design makes the motion of start, stop and resetting much more intelligible for the user.

As well as pushing boundaries in the horological world, the award winning Centigraphe also contributes to pushing those of medical research. Since its inception, F. P. Journe has donated 30% of all profits made on the Centigraphe to the Institut du Cerveau et de la Moelle épinière (ICM) in Paris. The ICM is dedicated to researching treatments for brain and spinal cord diseases and is innovative in the way it joins patients, doctors and researchers together.

Inspired by the great watch makers of the 18th century, Francois-Paul Journe invented a watch movement which is based on the physical principle of resonance: a phenomenon simultaneously scientific and poetic.

Every object has a natural frequency at which it vibrates when force is periodically applied. If this happens to two objects which have a naturally corresponding frequency, it magnifies and stabilises the vibration of both objects.

The double balance system employed in the Chronometre à Résonance uses exactly this phenomenon to create a watch movement which even 20 years after its inception is unparalleled in its accuracy in timekeeping.

In 1999, Francois-Paul Journe launched his FP Journe 'Invenit et Fecit' brand with the Tourbillon Souverain. This was the first model in the Souverain Collection to combine a remontoir with dead beat seconds in a tourbillon wristwatch. The addition of the 'dead beat seconds' provided a more accurate reading of precise time and supposedly made this mechanism, 'Invenit et Fecit', invented by Journe, the most accurate on the market.

The French term "seconde morte" or "dead seconds" comes from the fact that the seconds hand remains motionless for as long as the second has not actually elapsed.

As a descendant of the first model launched by Francois-Paul Journe in 1999, the Tourbillon Souverain is imbued with a sense of the founder's spirit. The original version of this watch was awarded the highest honor 'L'Aiguille d'Or' at the 2004 Grand Prix d'Horlogerie de Genève.

Patek Philippe produced the reference 5101 from 2003 until it was discontinued in 2008. The watch encompasses two large complications whilst retaining an elegant and attractive size - tandem mainspring barrels for 10 day power reserve and a tourbillon both of which traditionally take a great deal of space. At its introduction it was seen as a pinnacle of watchmaking. Unusually but traditional with Patek Philippe the view of the tourbillon is located to the reverse: keeping in tune with their aesthetic of unparalleled yet understated elegance.

They coined the world famous slogan "Diamonds are forever", employed the first female copywriter, and have been entrusted with designing adverts for Rolex for decades: J Walker Thompson is an advertising company like no other and has the rich history to prove it.

The present lot is offered by its original owner, who worked for JWT when they were commissioned to produce an advert for the GMT 1675. After being shot for the campaign, the watch was given to him.

The watch is an exceedingly attractive example of the famed reference 1675 with its faded original Pepsi bezel insert. The glossy lacquer dial has been carefully preserved, which adds to the desirability of the watch. The lot is accompanied by an extensive amount of documentation and even a large laminated copy of the original advert.

“Ideal for all professional men who require a watch which is fully reliable, accurate and trouble free under all conditions.”

It's been 50 years since the International Watch Company first introduced the Ingenieur as their first automatic, antimagnetic watch. With its sporty design the watch has become a classic among collectors. The countless dial variations only add further to the collectability of this timeless tool watch.

The famous Ingenieur arrow logo can be seen on the dial of the watch and alludes to electrical warning signs posted in places with strong electro-magnetic currents. This was exactly the environment that anti-magnetic watches, which were protected against magnetic fields, were created for.

The Nautilus, originally designed by Gerald Genta in 1976, is thought to owe its unique shape and construction to the transatlantic liners' porthole designs; inspired by the secure windows at sea that were sealed hermetically by a clever system of tension bolts against the glass.

The case design echoes this principle through the two extensions at the sides of the case which are secured by lateral screws, keeping the rubber seal compressed between the bezel and case body.

The present watch has never been offered at auction before.

In the dark days of the so-called 1970s quartz crisis, mechanical wristwatches were in danger of losing their popularity in favour of the newly developed quartz movements, seen as the future of horology. High end manufacturers such as Rolex developed different strategies to enhance the perceived intrinsic value of traditional watchmaking.

One of these strategies has today become known as the 'sigma dial', a nickname for watches that feature a lowercase letter sigma σ from the Greek alphabet below 6 o'clock. This signifies the hour markers being made out of 18K white gold. Introduced in the 1970s, this feature can be found on watches as late as 2003.

Nowadays Sigma dials are highly desirable to Rolex collectors the world over for their discreet silvered Rolex signature, their subtlety and their elegance.

First appearing in the early 1960s, this 'exotic' dial manufactured by Singer was renamed the 'Paul Newman' by collectors after the American actor wore the watch in promotional posters for the film 'Winning' and throughout his private life. By sinking the subsidiary dials and outer scale within the opaque black dial background, the dial achieves an unusual three-dimensionality and an instantly recognisable look.

Arguably no other watch has ever captured the imagination of the collector's world in the same way that the Paul Newman Rolex Daytona has. In recent years this model in all its different incarnations has built up an almost mythical reputation. With its iconic design and the photos on Paul Newman's wrist the exotic Daytona dial truly represents the dream of watch collecting.

The present lot embodies all things desirable in a Paul Newman, from the excellent original pushers to the honest condition of the silvered dial.

The Sapphire plates allow the visual beauty and simplicity of the movement to be shown to its best advantage. Since the time of Breguet's watch for Marie Antoinette transparent plates have been reserved for watches with the highest levels of finish showing what is usually hidden from view by the dial, case and solid plates.

This carousel unusually turns once every minute like many Tourbillons but is connected to the barrel by two gear trains: the first delivers the energy required for the operation of the escapement, while the second controls the carriage rotation speed.

The official document includes the specifications of the solid bars for the attachment of a NATO style canvas strap, the bezel with register for the full 60, Tritium luminous paint applied to the hands and dial symbolised by a T in a circle on the latter and oversize hands for clear legibility. Due to the fact that this watch was very much a tool watch many were discarded, destroyed or changed making complete examples quite sought after.

Early Autavia chronographs are among the most sought after Heuer designs and have become a trophy piece for watch collectors the world over.

The Heuer Autavia chronograph wristwatch was first introduced in 1962, the name deriving from a combination of "AUTomobile" and "AVIation". Today vintage Heuer watches are synonymous with the motor racing aesthetic of the 1960s and 1970s as they enjoyed unparalleled popularity among racing such as drivers Jochen Rindt, Mario Andretti and Jo Siffert.

There are some variations to the 2446 Autavia. This particular example sports a first execution dial, with early second execution dauphine hands.

The Rolex Ref.5512 was introduced in 1958 and remained in production until 1978. The earliest examples, such as the present lot, housed the calibre 1530 and did not yet bear the 'Superlative Chronometer Officially Certified' writing on the dial. It is often argued among Rolex collectors that this type of two line dial is particularly attractive, as it has an especially clean look. The contrast between silvered and gilt writing adds further intrigue to the dial.

The Ref.5512 was the first Rolex diver's watch with crown guards for added protection. Rolex experimented with the shape of these protective shoulders around the crown which and finally settled on a pointed shape.

The early square crown guard, as can be seen on the present lot, have become increasingly sought after by collectors.

In the early 1970s, the British Ministry of Defence commissioned a very limited batch of Rolex reference 5513 Submariners, designed to enhanced specifications to meet the demands of their Special Forces.

These "Military Submariners", or "MilSubs", differ in many ways from standard production pieces. They feature thicker, sword-shaped hands for enhanced legibility, a rotating bezel calibrated to 60 minutes, an encircled "T" on the dial indicating the use of luminescent Tritium, and solid steel bars fixed between the lugs.

As these watches were "tool watches" in the truest sense of the word, they were often repaired with service parts and in many cases heavily damaged during their years of military use. As such it is exceedingly rare to find a military issue Submariner in as well preserved, original condition as the present lot. The watch has never been offered at auction before.

The reference 5131 brings a colourful presence to the wrist with its Cloisonné enamel dial. In the impressive process of enamelling, thin gold wires are fused onto the metal, filled with pigment by enamel artists and subsequently fired at high temperatures to form the enamel. This process is repeated until the cloisons are filled to the top of the wire. Sanding and polishing lends the shiny smooth surface to the finished dial.

First produced only in yellow gold, the reference was released in a white gold version in 2009 and in a pink gold version in 2014. The pink gold 5131, like the present lot, was discontinued in 2018 and replaced by an edition in platinum.

The Tru-Beat Ref.6556 was introduced to the market in 1954. Aesthetically similar to a normal Oyster Perpetual, the difference in the model is the dead beat central seconds hand. Instead of continuously sweeping the dial in 5th of a second jumps, the second hand stops at each seconds mark before jumping to the next. The motion work that operates the seconds hand is on a special plate between the normal seconds drive and automatic winding mechanism. Fitted with a calibre 1040, Rolex made these for a very short time and it was the only calibre to use this complication. The 1040 was a modified and more sophisticated version of the calibre 1030.

The Tri-Compax was Universals most complicated chronograph and was first introduced in 1944.

The design of these watches was constantly evolving as Universal experimented with different configurations. In the 1960s Universal, keeping with the demands of the day, redesigned the Tri-Compax to appeal to a more casual and sports oriented market. The aesthetic of this model may be seen as a playful response to the Daytona and Speedmaster models of the same period.

The extra-ordinarily talented watch maker Antoine Preziuso graduated from the prestigious Geneva Watchmaking School as top of his class in the 1970s.

Since then he has been bestowed with prestigious commissions by the leading manufacturers of the watch world. He created a series of minute repeating perpetual calendar wristwatches for Breguet to name just one project, and has worked with brands such as Richard Mille and Peter Speake-Marin. He was also the first watchmaker to include meteorite in a watch.

Preziuso created the Opus 2 in collaboration with Harry Winston in 2002. Inspired by the ironwork gates of the Harry Winston boutique in New York, he designed the skeletonized dial to showcase the tourbillon

- the pinnacle of all complications of watchmaking.

The Jaeger-LeCoultre Calibre 174 is the epitome of the creation of a watchmaking house that is able to develop and create its own movements and inventions. The Spherical Tourbillon has 373 pieces and is controlled by JLC's 1000 hour program to test for perfect running. The Tourbillon is made up from two rotating cages, the outer cage rotating once every 60 seconds and the inner once every 18.75 seconds. The balance spring is a cylindrical spiral rather than the more normal flat spiral which allows for a superlative isochronism and is more usually associated with highly accurate Marine Chronometers.

The Reference 4937 is set with over 400 high quality diamonds with a total diamond weight of approximately 3.23 carats.

In 2005 Patek Philippe took a meaningful step for female horology enthusiasts in launching the first ever annual calendar wristwatch for ladies. Equipped with a complicated mechanical movement, the case and dial design did not compromise in femininity: These watches featured a beautiful mother of pearl dial and a wearable size. The present watch is the factory set diamond version of the annual calendar wristwatch, launched by Patek Philippe the following year in 2006. The diamonds seem to be elevated even more by the soft texture of the shimmering mother of pearl dial.

The 5975 creatively combines a contemporary aesthetic whilst paying homage to the dials of their vintage chronographs. The perfect measuring tool, the dial features three scales - a pulsometer, a telemetre and a tachymetre.

Limited to 400 pieces in white gold, the current example is in excellent condition and would make a perfect addition to any collection of Patek Philippe chronographs.

The reference 5270 was first introduced at the Basel Fair in April 2011 and replaced the celebrated reference 5970. It joins Pateks imposing selection of perpetual calendar chronographs which have always been the most sought after complication for collectors.

Perpetual calendar chronographs have been in Patek Philippe's catalogue since 1941 with the Ref.1518. After 70 years, the introduction of 5270 holds the distinction of being the first perpetual calendar chronograph movement (Calibre 29-535 PS) since Patek Philippe introduced their first in-house chronograph movement in 2005.

Perpetual calendar chronographs have been in Patek Philippe's catalogue since 1941 with the Ref.1518. Ref.5970 is the fifth in the Patek family of these complicated watches and as well as taking inspiration from earlier models such as the Ref.2499, also introduced original features including leap year and 24-hour indication.

The production of the 5970 commenced in 2005 with the yellow and white gold versions stopping in 2008. The platinum version was the last to be produced and was eventually replaced with the introduction of 5270.

Whether vintage or modern, the perpetual calendar chronograph has always been the most desirable complication for collectors.

€290,000 - 350,000

US\$320,000 - 390,000

The reference 1518 was in production between 1941 and 1954.

Over the years, the dial and case design only went through very minor changes. The shape of the case of the current lot is of the second generation with the pushers situated slightly closer towards the case back. The dial carries the earlier long signature of 'Patek Philippe and Co Geneve' inscribed to the dial with black hard enamel, which makes it one of the most durable dials in the history of Patek Philippe.

Every vintage watch has seen a different life and has a different story to tell. In the case of the extraordinary 1518 we are pleased to offer, the watch has seen wear in the way Antoni Patek and Adrien Philippe without doubt would have envisaged for it. Used as a Sunday watch for most of its life, it shows enough signs of careful wear to give it character, while the case and dial still remain in excellent condition. Over the past few years, when the watch experienced less use, a light patina built up on the case between the pushers and crown. It is very rare to have a reference 1518 that has been held by one family making its first appearance at auction.

Only 281 examples of the Reference 1518 were ever produced, of which around 215 were in yellow gold. Perpetual calendar chronographs by Patek Philippe represent the pinnacle of complication watchmaking.

In the first year of production only 100 examples were manufactured but by 1985, the model went into standard production. It was discontinued in 2007, and replaced by the reference 5140.

NOTICE TO BIDDERS

This notice is addressed by *Bonhams* to any person who may be interested in a *Lot*, and to all persons participating in the auction process including auction attendees, *Bidders* and potential *Bidders* (including any eventual *Buyer* of the *Lot*). For ease of reference we refer to such persons as "*Bidders*" or "you". Our List of Definitions and Glossary is incorporated into this *Notice to Bidders*. It is at Appendix 3 at the back of the *Catalogue*. Where words and phrases are used in this notice which are in the List of Definitions, they are printed in italics.

IMPORTANT: Additional information applicable to the *Sale* may be set out in the *Catalogue* for the *Sale*, in an insert in the *Catalogue* and/or in a notice displayed at the *Sale* venue and you should read them as well. Announcements affecting the *Sale* may also be given out orally before and during the *Sale* without prior written notice. You should be alert to the possibility of changes and ask in advance of bidding if there have been any.

1. OUR ROLE

In its role as *Auctioneer of Lots*, *Bonhams* acts solely for and in the interests of the *Seller*. *Bonhams'* job is to sell the *Lot* at the highest price obtainable at the *Sale* to a *Bidder*. *Bonhams* does not act for *Buyers* or *Bidders* in this role and does not give advice to *Buyers* or *Bidders*. When it or its staff make statements about a *Lot* or, if *Bonhams* provides a *Condition Report* on a *Lot* it is doing that on behalf of the *Seller* of the *Lot*. *Bidders* and *Buyers* who are themselves not expert in the *Lots* are strongly advised to seek and obtain independent advice on the *Lots* and their value before bidding for them. The *Seller* has authorised *Bonhams* to sell the *Lot* as its agent on its behalf and, save where we expressly make it clear to the contrary, *Bonhams* acts only as agent for the *Seller*. Any statement or representation we make in respect of a *Lot* is made on the *Seller's* behalf and, unless *Bonhams* sells a *Lot* as principal, not on our behalf and any *Contract for Sale* is between the *Buyer* and the *Seller* and not with us. If *Bonhams* sells a *Lot* as principal this will either be stated in the *Catalogue* or an announcement to that effect will be made by the *Auctioneer*, or it will be stated in a notice at the *Sale* or an insert in the *Catalogue*.

Bonhams does not owe or undertake or agree to any duty or responsibility to you in contract or tort (whether direct, collateral, express, implied or otherwise). If you successfully bid for a *Lot* and buy it, at that stage *Bonhams* does enter into an agreement with you as the *Buyer*. The terms of that contract are set out in our *Buyer's Agreement*, which you will find at Appendix 2 at the back of the *Catalogue*, and this will govern *Bonhams'* relationship with the *Buyer*.

2. LOTS

Subject to the *Contractual Description* printed in bold letters in the *Entry* about the *Lot* in the *Catalogue* (see paragraph 3 below), *Lots* are sold to the *Buyer* on an "as is" basis, with all faults and imperfections. Illustrations and photographs contained in the *Catalogue* (other than photographs forming part of the *Contractual Description*) or elsewhere of any *Lots* are for identification purposes only. A photograph or illustration may not reflect an accurate reproduction of the colour(s) or true condition of the *Lot*. *Lots* are available for inspection prior to the *Sale* and it is for you to satisfy yourself as to each and every aspect of a *Lot*, including its authorship, attribution, condition, provenance, history, background, authenticity, style, period, age, suitability, quality, roadworthiness (if relevant), origin, value and estimated selling price (including the *Hammer Price*). It is your responsibility to examine any *Lot* in which you are interested. It should be remembered that the actual condition of a *Lot* may not be as good as that indicated by its outward appearance. In particular, parts may have been replaced or renewed and *Lots* may not be authentic or of satisfactory quality; the inside of a *Lot* may not be visible and may not be original or may be damaged, as for example where it is covered by upholstery or material. Given the age of many *Lots* they may have been damaged and/or repaired and you should not assume that a *Lot* is in good condition. Electronic or mechanical items or parts are sold for their artistic, historic or cultural interest and may not operate or may not comply with current statutory requirements. You should not assume that electrical items designed to operate on mains electricity

will be suitable for connection to the mains electricity supply and you should obtain a report from a qualified electrician on their status before doing so. Such items which are unsuitable for connection are sold as items of interest for display purposes only. If you yourself do not have expertise regarding a *Lot*, you should consult someone who does to advise you. We can assist in arranging facilities for you to carry out or have carried out more detailed inspections and tests. Please ask our staff for details.

Any person who damages a *Lot* will be held liable for the loss caused.

3. DESCRIPTIONS OF LOTS AND ESTIMATES

Contractual Description of a Lot

The *Catalogue* contains an *Entry* about each *Lot*. Each *Lot* is sold by its respective *Seller* to the *Buyer* of the *Lot* as corresponding only with that part of the *Entry* which is printed in bold letters and (except for the colour, which may be inaccurately reproduced) with any photograph of the *Lot* in the *Catalogue*. The remainder of the *Entry*, which is not printed in bold letters, represents *Bonhams'* opinion (given on behalf of the *Seller*) about the *Lot* only and is not part of the *Contractual Description* in accordance with which the *Lot* is sold by the *Seller*.

Estimates

In most cases, an *Estimate* is printed beside the *Entry*. *Estimates* are only an expression of *Bonhams'* opinion made on behalf of the *Seller* of the range where *Bonhams* thinks the *Hammer Price* for the *Lot* is likely to fall; it is not an *Estimate* of value. It does not take into account any VAT or *Buyer's Premium* payable or any other fees payable by the *Buyer*, which are detailed in paragraph 7 of the *Notice to Bidders*, below. Prices depend upon bidding and lots can sell for *Hammer Prices* below and above the *Estimates*, so *Estimates* should not be relied on as an indication of the actual selling price or value of a *Lot*. *Estimates* are in the currency of the *Sale*.

Condition Reports

In respect of most *Lots*, you may ask *Bonhams* for a *Condition Report* on the *Lot's* general physical condition. If you do so, this will be provided by *Bonhams* on behalf of the *Seller* free of charge. As this is offered additionally and without charge, *Bonhams* is not entering into a contract with you in respect of the *Condition Report* and accordingly does not assume responsibility to you in respect of it. The *Condition Report* represents *Bonhams'* reasonable opinion as to the *Lot's* general condition in the terms stated in the particular report, and *Bonhams* does not represent or guarantee that a *Condition Report* includes all aspects of the internal or external condition of the *Lot*. Neither does the *Seller* owe or agree to owe you as a *Bidder* or *Buyer* any obligation or duty in respect of this free report about a *Lot*, which is available for your own inspection or for inspection by an expert instructed by you.

The Seller's responsibility to you

The *Seller* does not make or agree to make any representation of fact or contractual promise, *Guarantee* or warranty and undertakes no obligation or duty, whether in contract or in tort (other than to the eventual *Buyer* as set out above), in respect of the accuracy or completeness of any statement or representation made by him or on his behalf, which is in any way descriptive of any *Lot* or as to the anticipated or likely selling price of any *Lot*. Other than as set out above, no statement or representation in any way descriptive of a *Lot* or any *Estimate* is incorporated into any *Contract for Sale* between a *Seller* and a *Buyer*.

Bonhams' responsibility to you

You have the opportunity of examining the *Lot* if you want to and the *Contract for Sale* for a *Lot* is with the *Seller* and not with *Bonhams*; *Bonhams* acts as the *Seller's* agent only (unless *Bonhams* sells the *Lot* as principal).

Bonhams undertakes no obligation to you to examine, investigate or carry out any tests, either in sufficient depth or at all, on each *Lot* to establish the accuracy or otherwise of any *Descriptions* or opinions given by *Bonhams*, or by any person on *Bonhams'* behalf, whether in the *Catalogue* or elsewhere.

You should not suppose that such examinations, investigations or tests have occurred.

Bonhams does not make or agree to make any representation of fact, and undertakes no obligation or duty (whether in contract or tort) in respect of the accuracy or completeness of any statement or representation made by *Bonhams* or on *Bonhams'* behalf which is in any way descriptive of any *Lot* or as to the anticipated or likely selling price of any *Lot*. No statement or representation by *Bonhams* or on its behalf in any way descriptive of any *Lot* or any *Estimate* is incorporated into our *Buyer's Agreement*.

Alterations

Descriptions and *Estimates* may be amended at *Bonhams'* discretion from time to time by notice given orally or in writing before or during a *Sale*.

THE *LOT* IS AVAILABLE FOR INSPECTION AND YOU MUST FORM YOUR OWN OPINION IN RELATION TO IT. YOU ARE STRONGLY ADVISED TO EXAMINE ANY *LOT* OR HAVE IT EXAMINED ON YOUR BEHALF BEFORE THE *SALE*.

4. CONDUCT OF THE SALE

Our *Sales* are public auctions which persons may attend and you should take the opportunity to do so. We reserve the right at our sole discretion to refuse admission to our premises or to any *Sale* and to remove any person from our premises and *Sales*, without stating a reason. We have complete discretion as to whether the *Sale* proceeds, whether any *Lot* is included in the *Sale*, the manner in which the *Sale* is conducted and we may offer *Lots* for *Sale* in any order we choose notwithstanding the numbers given to *Lots* in the *Catalogue*. You should therefore check the date and starting time of the *Sale*, whether there have been any withdrawals or late entries. Remember that withdrawals and late entries may affect the time at which a *Lot* you are interested in is put up for *Sale*. We have complete discretion in which to refuse any bid, to nominate any bidding increment we consider appropriate, to divide any *Lot*, to combine two or more *Lots*, to withdraw any *Lot* from a *Sale* and, before the *Sale* has been closed, to put up any *Lot* for auction again. Auction speeds can exceed 100 *Lots* to the hour and bidding increments are generally about 10%; however, these do vary from *Sale* to *Sale* and from *Auctioneer* to *Auctioneer*. Please check with the department organising the *Sale* for advice on this. Where a *Reserve* has been applied to a *Lot*, the *Auctioneer* may, in his absolute discretion, place bids (up to an amount not equalling or exceeding such *Reserve*) on behalf of the *Seller*. We are not responsible to you in respect of the presence or absence of any *Reserve* in respect of any *Lot*. If there is a *Reserve* it will be no higher than the lower figure for any *Estimate* in the *Catalogue*, assuming that the currency of the *Reserve* has not fluctuated adversely against the currency of the *Estimate*. The *Buyer* will be the *Bidder* who makes the highest bid acceptable to the *Auctioneer* for any *Lot* (subject to any applicable *Reserve*) to whom the *Lot* is knocked down by the *Auctioneer* at the fall of the *Auctioneer's* hammer. Any dispute as to the highest acceptable bid will be settled by the *Auctioneer* in his absolute discretion. All bids tendered will relate to the actual *Lot* number announced by the *Auctioneer*. An electronic currency converter may be used at the *Sale*. This equipment is provided as a general guide as to the equivalent amount in certain currencies of a given bid. We do not accept any responsibility for any errors which may occur in the use of the currency converter. We may use video cameras to record the *Sale* and may record telephone calls for reasons of security and to assist in solving any disputes which may arise in relation to bids made at the *Sale*. At some *Sales*, for example, jewellery *Sales*, we may use screens on which images of the *Lots* will be projected. This service is provided to assist viewing at the *Sale*. The image on the screen should be treated as an indication only of the current *Lot*. It should be noted that all bids tendered will relate to the actual *Lot* number announced by the *Auctioneer*. We do not accept any responsibility for any errors which may occur in the use of the screen.

5. BIDDING

You must complete and deliver to us one of our *Bidding Forms*, either our *Bidder Registration Form*, *Absentee Bidding Form* or *Telephone Bidding Form* in order to bid at our *Sales*.

If you are a new client at *Bonhams* or have not recently updated your registration details with us, you must pre-register to bid at least two working days before the *Sale* at which you wish to bid. You will be required to provide government-issued proof of identity and residence, and if you are a company, your certificate of incorporation or equivalent documentation with your name and registered address, government issued proof of your current address, documentary proof of your beneficial owners and directors, and proof of authority to transact.

We may also request a financial reference and /or deposit from you before allowing you to bid.

We reserve the rights at our discretion to request further information in order to complete our client identification and to decline to register any person as a *Bidder*, and to decline to accept their bids if they have been so registered. We also reserve the rights to postpone completion of the *Sale* of any *Lot* at our discretion while we complete our registration and identification enquiries, and to cancel the *Sale* of any *Lot* if you are in breach of your warranties as *Buyer*, or if we consider that such *Sale* would be unlawful or otherwise cause liabilities for the *Seller* or *Bonhams* or be detrimental to *Bonhams'* reputation.

Bidding in person

So long as you have pre-registered to bid or have updated your existing registration recently, you should come to our *Bidder* registration desk at the *Sale* venue and fill out a Registration and Bidding Form on (or, if possible, before) the day of the *Sale*. The bidding number system is sometimes referred to as "paddle bidding". You will be issued with a large card (a "paddle") with a printed number on it. This will be attributed to you for the purposes of the *Sale*. Should you be a successful *Bidder* you will need to ensure that your number can be clearly seen by the *Auctioneer* and that it is your number which is identified as the *Buyer's*. You should not let anyone else use your paddle as all *Lots* will be invoiced to the name and address given on your *Bidder* Registration Form. Once an invoice is issued it will not be changed. If there is any doubt as to the *Hammer Price* of, or whether you are the successful *Bidder* of, a particular *Lot*, you must draw this to the attention of the *Auctioneer* before the next *Lot* is offered for *Sale*. At the end of the *Sale*, or when you have finished bidding please return your paddle to the *Bidder* registration desk.

Bidding by telephone

If you wish to bid at the *Sale* by telephone, and have pre-registered to bid or have updated your existing registration details recently, please complete a Registration and Bidding Form, which is available from our offices or in the *Catalogue*. Please then return it to the office responsible for the *Sale* at least 24 hours in advance of the *Sale*. It is your responsibility to check with our Bids Office that your bid has been received. Telephone calls will be recorded. The telephone bidding facility is a discretionary service offered at no additional charge and may not be available in relation to all *Lots*. We will not be responsible for bidding on your behalf if you are unavailable at the time of the *Sale* or if the telephone connection is interrupted during bidding. Please contact us for further details.

Bidding by post or fax

Absentee Bidding Forms can be found in the back of this *Catalogue* and should be completed and sent to the office responsible for the *Sale*, once you have pre-registered to bid or have updated your existing registration details recently. It is in your interests to return your form as soon as possible, as if two or more *Bidders* submit identical bids for a *Lot*, the first bid received takes preference. In any event, all bids should be received at least 24 hours before the start of the *Sale*. Please check your *Absentee Bidding Form* carefully before returning it to us, fully completed and signed by you. It is your responsibility to check with our Bids Office that your bid has been received. This additional service is complimentary and is confidential. Such bids are made at your own risk and we cannot accept liability for our failure to receive and/or place any such bids. All bids made on your behalf will be made at the lowest level possible subject to *Reserves* and other bids made for the *Lot*. Where appropriate your bids will be rounded down to the nearest amount consistent with the *Auctioneer's* bidding increments. New *Bidders* must also provide proof of identity and address when submitting bids. Failure to do this will result in your bid not being placed.

Bidding via the internet

Please visit our *Website* at <http://www.bonhams.com> for details of how to bid via the internet.

Bonhams will not be liable for service delays, interruptions or other failures to make a bid caused by losses of internet connection, fault or failure with the website or bidding process, or malfunction of any software or system, computer or mobile device.

Bidding through an agent

Bids will be treated as placed exclusively by and on behalf of the person named on the *Bidding Form* unless otherwise agreed by us in writing in advance of the *Sale*. If you wish to bid on behalf of another person (your principal) you must complete the pre-registration requirements set out above both on your own behalf and with full details of your principal, and we will require written confirmation from the principal confirming your authority to bid.

You are specifically referred to your due diligence requirements concerning your principal and their source of funds, and the warranties you give in the event you are the Buyer, which are contained in paragraph 3 of the Buyer's Agreement, set out at Appendix 2 at the back of the Catalogue.

Nevertheless, as the *Bidding Form* explains, any person placing a bid as agent on behalf of another (whether or not he has disclosed that fact) will be jointly and severally liable with the principal to the *Seller* and to *Bonhams* under any contract resulting from the acceptance of a bid.

Equally, please let us know if you intend to nominate another person to bid on your behalf at the *Sale* unless this is to be carried out by us pursuant to a Telephone or *Absentee Bidding Form* that you have completed. If we do not approve the agency arrangements in writing before the *Sale*, we are entitled to assume that the person bidding at the *Sale* is bidding on his own behalf. Accordingly, the person bidding at the *Sale* will be the *Buyer* and will be liable to pay the *Hammer Price* and *Buyer's Premium* and associated charges. If we approve the identity of your client in advance, we will be in a position to address the invoice to your principal rather than you. We will require proof of the agent's client's identity and residence in advance of any bids made by the agent on his behalf. Please refer to our *Conditions of Business* and contact our Customer Services Department for further details.

6. CONTRACTS BETWEEN THE BUYER AND SELLER AND THE BUYER AND BONHAMS

On the *Lot* being knocked down to the *Buyer*, a *Contract for Sale* of the *Lot* will be entered into between the *Seller* and the *Buyer* on the terms of the *Contract for Sale* set out in Appendix 1 at the back of the *Catalogue*. You will be liable to pay the *Purchase Price*, which is the *Hammer Price* plus any applicable VAT. At the same time, a separate contract is also entered into between us as *Auctioneers* and the *Buyer*. This is our *Buyer's Agreement*, the terms of which are set out in Appendix 2 at the back of the *Catalogue*. Please read the terms of the *Contract for Sale* and our *Buyer's Agreement* contained in the *Catalogue* in case you are the successful *Bidder* including the warranties as to your status and source of funds. We may change the terms of either or both of these agreements in advance of their being entered into, by setting out different terms in the *Catalogue* and/or by placing an insert in the *Catalogue* and/or by notices at the *Sale* venue and/or by oral announcements before and during the *Sale*. It is your responsibility to ensure you are aware of the up to date terms of the *Buyer's Agreement* for this *Sale*.

7. BUYER'S PREMIUM AND OTHER CHARGES PAYABLE BY THE BUYER

Under the *Buyer's Agreement*, a premium (the *Buyer's Premium*) is payable to us by the *Buyer* in accordance with the terms of the *Buyer's Agreement* and at rates set out below, calculated by reference to the *Hammer Price* and payable in addition to it.

For this *Sale* the following rates of *Buyer's Premium* will be payable by *Buyers* on each *Lot* purchased:

27.5% up to £2,500 of the *Hammer Price*
25% of the *Hammer Price* above £2,500 and up to £300,000
20% of the *Hammer Price* above £300,000 and up to £3,000,000
13.9% of the *Hammer Price* above £3,000,000

Storage and handling charges may also be payable by the *Buyer* as detailed on the specific *Sale* Information page at the front of the catalogue.

The *Buyer's Premium* and all other charges payable to us by the *Buyer* are subject to VAT at the prevailing rate, currently 20%.

VAT may also be payable on the *Hammer Price* of the *Lot*, where indicated by a symbol beside the *Lot* number. See paragraph 8 below for details.

On certain *Lots*, which will be marked "AR" in the *Catalogue* and which are sold for a *Hammer Price* of €1,000 or greater (converted into the currency of the *Sale* using the European Central Bank Reference rate prevailing on the date of the *Sale*), the *Additional Premium* will be payable to us by the *Buyer* to cover our *Expenses* relating to the payment of royalties under the Artists Resale Right Regulations 2006. The *Additional Premium* will be a percentage of the amount of the *Hammer Price* calculated in accordance with the table below, and shall not exceed €12,500 (converted into the currency of the *Sale* using the European Central Bank Reference rate prevailing on the date of the *Sale*).

<i>Hammer Price</i>	Percentage amount
From €0 to €50,000	4%
From €50,000.01 to €200,000	3%
From €200,000.01 to €350,000	1%
From €350,000.01 to €500,000	0.5%
Exceeding €500,000	0.25%

8. VAT

The prevailing rate of VAT at the time of going to press is 20%, but this is subject to government change and the rate payable will be the rate in force on the date of the Sale.

The following symbols, shown beside the Lot number, are used to denote that VAT is due on the *Hammer Price* and *Buyer's Premium*:

- † VAT at the prevailing rate on *Hammer Price* and *Buyer's Premium*
- Ω VAT on imported items at the prevailing rate on *Hammer Price* and *Buyer's Premium*
- VAT on imported items at a preferential rate of 5% on *Hammer Price* and the prevailing rate on *Buyer's Premium*
- G Gold bullion exempt from VAT on the *Hammer Price* and subject to VAT at the prevailing rate on the *Buyer's Premium*
- Zero rated for VAT, no VAT will be added to the *Hammer Price* or the *Buyer's Premium*
- α *Buyers* from within the EU: VAT is payable at the prevailing rate on just the *Buyer's Premium* (NOT the *Hammer Price*). *Buyers* from outside the EU: VAT is payable at the prevailing rate on both *Hammer Price* and *Buyer's Premium*. If a *Buyer*, having registered under a non-EU address, decides that the item is not to be exported from the EU, then he should advise *Bonhams* immediately.

In all other instances no VAT will be charged on the *Hammer Price*, but VAT at the prevailing rate will be added to *Buyer's Premium* which will be invoiced on a VAT inclusive basis.

9. PAYMENT

It is of critical importance that you ensure that you have readily available funds to pay the *Purchase Price* and the *Buyer's Premium* (plus VAT and any other charges and *Expenses* to us) in full before making a bid for the *Lot*. If you are a successful *Bidder*, payment will be due to us by 4.30 pm on the second working day after the Sale so that all sums are cleared by the eighth working day after the Sale. Payments made by anyone other than the registered *Buyer* will not be accepted. *Bonhams* reserves the right to vary the terms of payment at any time.

Bonhams' preferred payment method is by bank transfer.

You may electronically transfer funds to our *Trust Account*. If you do so, please quote your paddle number and invoice number as the reference. Our *Trust Account* details are as follows:

Bank: National Westminster Bank Plc
Address: PO Box 4RY
250 Regent Street
London W1A 4RY
Account Name: Bonhams 1793 Limited Trust Account
Account Number: 25563009
Sort Code: 56-00-27
IBAN Number: GB 33 NWBK 560027 25563009

If paying by bank transfer, the amount received after the deduction of any bank fees and/or conversion of the currency of payment to pounds sterling must not be less than the sterling amount payable, as set out on the invoice.

Payment may also be made by one of the following methods:

Sterling personal cheque drawn on a UK branch of a bank or building society: all cheques must be cleared before you can collect your purchases and should be made payable to Bonhams 1793 Limited.

Cash: you may pay for *Lots* purchased by you at this Sale with notes or coins in the currency in which the Sale is conducted (but not any other currency) provided that the total amount payable by you in respect of all *Lots* purchased by you at the Sale does not exceed £3,000, or the equivalent in the currency in which the Sale is conducted, at the time when payment is made. If the amount payable by you for *Lots* exceeds that sum, the balance must be paid otherwise than in coins or notes; this limit applies to both payment at our premises and direct deposit into our bank account.

Debit cards issued in the name of the *Buyer* (including China Union Pay (CUP) cards and debit cards issued by Visa and MasterCard only). There is no limit on payment value if payment is made in person using Chip & Pin verification.

Payment by telephone may also be accepted up to £5,000, subject to appropriate verification procedures, although this facility is not available for first time buyers. If the amount payable by you for *Lots* exceeds that sum, the balance must be paid by other means.

Credit cards issued in the name of the *Buyer* (including China Union Pay (CUP) cards and credit cards issued by Visa and MasterCard only). There is a £5,000 limit on payment value if payment is made in person using Chip & Pin verification.

It may be advisable to notify your debit or credit card provider of your intended purchase in advance to reduce delays caused by us having to seek authority when you come to pay.

Note: only one debit or credit card may be used for payment of an account balance. If you have any questions with regards to card payments, please contact our Customer Services Department.

We reserve the rights to investigate and identify the source of any funds received by us, to postpone completion of the sale of any *Lot* at our discretion while we complete our investigations, and to cancel the Sale of any *Lot* if you are in breach of your warranties as *Buyer*, if we consider that such Sale would be unlawful or otherwise cause liabilities for the *Seller* or *Bonhams*, or be detrimental to *Bonhams'* reputation.

10. COLLECTION AND STORAGE

The *Buyer* of a *Lot* will not be allowed to collect it until payment in full and in cleared funds has been made (unless we have made a special arrangement with the *Buyer*). For collection and removal of purchased *Lots*, please refer to Sale Information at the front of the *Catalogue*. Our offices are open 9.00am – 5pm Monday to Friday. Details relating to the collection of a *Lot*, the storage of a *Lot* and our *Storage Contractor* after the Sale are set out in the *Catalogue*.

11. SHIPPING

For information and estimates on domestic and international shipping as well as export licenses please contact Alban Shipping on +44 (0) 1582 493 099 enquiries@albanshipping.co.uk

12. EXPORT/TRADE RESTRICTIONS

It is your sole responsibility to comply with all export and import regulations relating to your purchases and also to obtain any relevant export and/or import licence(s). Export licences are issued by Arts Council England and application forms can be obtained from its Export Licensing Unit. The detailed provisions of the export licensing arrangements can be found on the ACE website <http://www.artscouncil.org.uk/what-we-do/supporting-museums/cultural-property/export-controls/export-licensing/> or by phoning ACE on +44 (0)20 7973 5188. The need for import licences varies from country to country and you should acquaint yourself with all relevant local requirements and provisions. The refusal of any import or export licence(s) or any delay in obtaining such licence(s) shall not permit the rescission of any Sale nor allow any delay in making full payment for the *Lot*. Generally, please contact our shipping department before the Sale if you require assistance in relation to export regulations.

13. CITES REGULATIONS

Please be aware that all *Lots* marked with the symbol Y are subject to CITES regulations when exporting these items outside the EU. These regulations may be found at <http://www.defra.gov.uk/ahvla-en/imports-exports/cites/> or may be requested from:

Animal Health and Veterinary Laboratories Agency (AHVLA)
Wildlife Licensing
Floor 1, Zone 17, Temple Quay House
2 The Square, Temple Quay
BRISTOL BS1 6EB
Tel: +44 (0) 117 372 8774

The refusal of any CITES licence or permit and any delay in obtaining such licences or permits shall not give rise to the rescission or cancellation of any Sale, nor allow any delay in making full payment for the *Lot*.

14. THE SELLERS AND/OR BONHAMS' LIABILITY

Other than any liability of the *Seller* to the *Buyer* of a *Lot* under the *Contract for Sale*, neither we nor the *Seller* are liable (whether in negligence or otherwise) for any error or misdescription or omission in any *Description* of a *Lot* or any *Estimate* in respect of it, whether contained in the *Catalogue* or otherwise, whether given orally or in writing and whether given before or during the Sale. Neither we nor the *Seller* will be liable for any loss of *Business*, profits, revenue or income, or for loss of reputation, or for disruption to *Business* or wasted time on the part of management or staff, or for indirect losses or consequential damages of any kind, irrespective in any case of the nature, volume or source of the loss or damage alleged to be suffered, and irrespective of whether the said loss or damage is caused by or claimed in respect of any negligence, other tort, breach of contract (if any) or statutory duty, restitutionary claim or otherwise. In any circumstances where we and/or the *Seller* are liable in relation to any *Lot* or any *Description* or *Estimate* made of any *Lot*, or the conduct of any Sale in relation to any *Lot*, whether in damages, for an indemnity or contribution, or for a restitutionary remedy or otherwise, our and/or the *Seller's* liability (combined, if both we and the *Seller* are liable) will be limited to payment of a sum which will not exceed by way of maximum the amount of the *Purchase Price* of the *Lot* irrespective in any case of the nature, volume or source of any loss or damage alleged to be suffered or sum claimed as due, and irrespective of whether the liability arises from any negligence, other tort, breach of contract (if any) or statutory duty or otherwise. Nothing set out above will be construed as excluding or restricting (whether directly or indirectly) our liability or excluding or restricting any person's rights or remedies in respect of (i) fraud, or (ii) death or personal injury caused by our negligence (or by the negligence of any person under our control or for whom we are legally responsible), or (iii) acts or omissions for which we are liable under the Occupiers Liability Act 1957, or (iv) any other liability to the extent the same may not be excluded or restricted as a matter of law or (v) our undertakings under paragraphs 9 (in relation to specialist *Stamp* or *Book Sales* only) and 10 of the *Buyer's Agreement*. The same applies in respect of the *Seller*, as if references to us in this paragraph were substituted with references to the *Seller*.

15. BOOKS

As stated above, all *Lots* are sold on an "as is" basis, subject to all faults, imperfections and errors of *Description* save as set out below. However, you will be entitled to reject a *Book* in the circumstances set out in paragraph 11 of the *Buyers Agreement*. Please note that *Lots* comprising printed *Books*, unframed maps and bound manuscripts are not liable to VAT on the *Buyer's Premium*.

16. CLOCKS AND WATCHES

All *Lots* are sold "as is", and the absence of any reference to the condition of a clock or watch does not imply that the *Lot* is in good condition and without defects, repairs or restorations. Most clocks and watches have been repaired in the course of their normal lifetime and may now incorporate parts not original to them. Furthermore, *Bonhams* makes no representation or warranty that any clock or watch is in working order. As clocks and watches often contain fine and complex mechanisms, *Bidders* should be aware that a general service, change of battery or further repair work, for which the *Buyer* is solely responsible, may be necessary. *Bidders* should be aware that the importation of watches such as Rolex, Frank Muller and Corum into the United States is highly restricted. These watches may not be shipped to the USA and can only be imported personally.

17. FIREARMS – PROOF, CONDITION AND CERTIFICATION

Proof of Firearms

The term "proof exemption" indicates that a firearm has been examined at a Proof House, but not proved, as either (a) it was deemed of interest and not intended for use, or (b) ammunition was not available. In either case, the firearm must be regarded as unsafe to fire unless subsequently proved. Firearms proved for Black Powder should not be used with smokeless ammunition.

The term "Certificate of Unprovability" indicates that a firearm has been examined at a Proof House and is deemed both unsuitable for proof and use. Reproof is required before any such firearm is to be used.

Guns Sold as Parts

Barrels of guns sold as parts will only be made available for sleeving and measurements once rendered unserviceable according to the Gun Barrel Proof Act of 1968 to 1978 and the Rules of Proof.

Condition of Firearms

Comment in this *Catalogue* is restricted, in general, to exceptional condition and to those defects that might affect the immediate safety of a firearm in normal use. An intending *Bidder* unable to make technical examinations and assessments is recommended to seek advice from a gunmaker or from a modern firearms specialist. All prospective *Bidders* are advised to consult the ° of bore and wall-thickness measurements posted in the saleroom and available from the department. *Bidders* should note that guns are stripped only where there is a strong indication of a mechanical malfunction. Stripping is not, otherwise, undertaken. Guns intended for use should be stripped and cleaned beforehand. Hammer guns should have their rebound mechanisms checked before use. The safety mechanisms of all guns must be tested before use. All measurements are approximate.

Original Gun Specifications Derived from Gunmakers

The Sporting Gun Department endeavours to confirm a gun's original specification and date of manufacture with makers who hold their original records.

Licensing Requirements

Firearms Act 1968 as amended

Bonhams is constantly reviewing its procedures and would remind you that, in the case of firearms or shotguns subject to certification, to conform with current legislation, *Bonhams* is required to see, as appropriate, your original registered firearms dealer's certificate / shot gun certificate / firearm certificate / museum firearms licence / Section 5 authority or import licence (or details of any exemption from which you may benefit, for instance Crown servant status) for the firearm(s) you have purchased prior to taking full payment of the amount shown on your invoice. Should you not already be in possession of such an authority or exemption, you are required to initially pay a deposit of 95% of the total invoice with the balance of 5% payable on presentation of your valid certificate or licence showing your authority to hold the firearm(s) concerned.

Please be advised that if a successful *Bidder* is then unable to produce the correct paperwork, the *Lot(s)* will be reoffered by *Bonhams* in the next appropriate *Sale*, on standard terms for *Sellers*, and you will be responsible for any loss incurred by *Bonhams* on the original *Sale* to you.

In the case of RFD certificates and Section 5 authorities, we wish to keep an up-to-date copy on file. Please supply us with a Fax or photocopy. It would be helpful if you could send us an updated copy whenever your certificate or authority is renewed or changed.

Lots marked 'S1' and bearing red labels are Section 1 firearms and require a valid British Firearms certificate, RFD Licence or import licence.

Lots marked 'S2' and bearing blue labels are Section 2 firearms and require a valid British Shotgun certificate, RFD licence or import licence.

Lots marked 'S5' and bearing specially marked red labels are Section 5 prohibited firearms and require a valid Section 5 Authority or import licence.

Lots marked with a 'S58' and bearing yellow labels are for obsolete calibres and no licence is required unless ammunition is held.

Unmarked *Lots* require no licence.

Please do not hesitate to contact the Modern Sporting Gun Department should you have any queries.

Taxidermy and Related Items

On behalf of the *Seller* of these articles, *Bonhams* undertakes to comply fully with Cites and DEFRA regulations. *Buyers* are advised to inform themselves of all such regulations and should expect the exportation of items to take some time to arrange.

18. FURNITURE

Upholstered Furniture

Whilst we take every care in cataloguing furniture which has been upholstered we offer no *Guarantee* as to the originality of the wood covered by fabric or upholstery.

19. JEWELLERY

Gemstones

Historically many gemstones have been subjected to a variety of treatments to enhance their appearance. Sapphires and rubies are routinely heat treated to improve their colour and clarity, similarly emeralds are frequently treated with oils or resin for the same purpose. Other treatments such as staining, irradiation or coating may have been used on other gemstones. These treatments may be permanent, whilst others may need special care or re-treatment over the years to retain their appearance. *Bidders* should be aware that *Estimates* assume that gemstones may have been subjected to such treatments. A number of laboratories issue certificates that give more detailed *Descriptions* of gemstones. However there may not be consensus between different laboratories on the degrees, or types of treatment for any particular gemstone. In the event that *Bonhams* has been given or has obtained certificates for any *Lot* in the *Sale* these certificates will be disclosed in the *Catalogue*. Although, as a matter of policy, *Bonhams* endeavours to provide certificates from recognised laboratories for certain gemstones, it is not feasible to obtain certificates for each *Lot*. In the event that no certificate is published in the *Catalogue*, *Bidders* should assume that the gemstones may have been treated. Neither *Bonhams* nor the *Seller* accepts any liability for contradictions or differing certificates obtained by *Buyers* on any *Lots* subsequent to the *Sale*.

Estimated Weights

If a stone(s) weight appears within the body of the *Description* in capital letters, the stone(s) has been unmounted and weighed by *Bonhams*. If the weight of the stone(s) is stated to be approximate and does not appear in capital letters, the stone(s) has been assessed by us within its/their settings, and the stated weight is a statement of our opinion only. This information is given as a guide and *Bidders* should satisfy themselves with regard to this information as to its accuracy.

Signatures

1. A diamond brooch, by Kutchinsky

When the maker's name appears in the title, in *Bonhams'* opinion the piece is by that maker.

2. A diamond brooch, signed Kutchinsky

Has a signature that, in *Bonhams'* opinion, is authentic but may contain gemstones that are not original, or the piece may have been altered.

3. A diamond brooch, mounted by Kutchinsky

Has been created by the jeweller, in *Bonhams'* opinion, but using stones or designs supplied by the client.

20. PHOTOGRAPHS

Explanation of Catalogue Terms

- "Bill Brandt": in our opinion a work by the artist.
- "Attributed to Bill Brandt": in our opinion probably a work by the artist, but less certainty to authorship is expressed than in the preceding category.
- "Signed and/or titled and/or dated and/or inscribed": in our opinion the signature and/or title and/or date and/or inscription are in the artist's hand.
- "Signed and/or titled and/or dated and/or inscribed in another hand": in our opinion the signature and/or title and/or date and/or inscription have been added by another hand.
- The date given is that of the image (negative). Where no further date is given, this indicates that the photographic print is vintage (the term "vintage" may also be included in the *Lot Description*). A vintage photograph is one which was made within approximately 5-10 years of the negative. Where a second, later date appears, this refers to the date of printing. Where the exact printing date is not known, but understood to be later, "printed later" will appear in the *Lot Description*.
- Unless otherwise specified, dimensions given are those of the piece of paper on which the image is printed, including any margins. Some photographs may appear in the *Catalogue* without margins illustrated.
- All photographs are sold unframed unless stated in the *Lot Description*.

21. PICTURES

Explanation of Catalogue Terms

The following terms used in the *Catalogue* have the following meanings but are subject to the general provisions relating to *Descriptions* contained in the *Contract for Sale*:

- "Jacopo Bassano": in our opinion a work by the artist. When the artist's forename(s) is not known, a series of asterisks, followed by the surname of the artist, whether preceded by an initial or not, indicates that in our opinion the work is by the artist named;
- "Attributed to Jacopo Bassano": in our opinion probably a work by the artist but less certainty as to authorship is expressed than in the preceding category;
- "Studio/Workshop of Jacopo Bassano": in our opinion a work by an unknown hand in a studio of the artist which may or may not have been executed under the artist's direction;
- "Circle of Jacopo Bassano": in our opinion a work by a hand closely associated with a named artist but not necessarily his pupil;
- "Follower of Jacopo Bassano": in our opinion a work by a painter working in the artist's style, contemporary or nearly contemporary, but not necessarily his pupil;
- "Manner of Jacopo Bassano": in our opinion a work in the style of the artist and of a later date;
- "After Jacopo Bassano": in our opinion, a copy of a known work of the artist;
- "Signed and/or dated and/or inscribed": in our opinion the signature and/or date and/or inscription are from the hand of the artist;
- "Bears a signature and/or date and/or inscription": in our opinion the signature and/or date and/or inscription have been added by another hand.

22. PORCELAIN AND GLASS

Damage and Restoration

For your guidance, in our *Catalogues* we attempt to detail, as far as practicable, all significant defects, cracks and restoration. Such practicable *Descriptions* of damage cannot be definitive, and in providing *Condition Reports*, we cannot *Guarantee* that there are no other defects present which have not been mentioned. *Bidders* should satisfy themselves by inspection, as to the condition of each *Lot*. Please see the *Contract for Sale* printed in this *Catalogue*. Because of the difficulty in determining whether an item of glass has been repolished, in our *Catalogues* reference is only made to visible chips and cracks. No mention is made of repolishing, severe or otherwise.

23. VEHICLES

The Veteran Car Club of Great Britain

Dating Plates and Certificates

When mention is made of a Veteran Car Club Dating Plate or Dating Certificate in this *Catalogue*, it should be borne in mind that the Veteran Car Club of Great Britain using the services of Veteran Car Company Ltd, does from time to time, review cars already dated and, in some instances, where fresh evidence becomes available, the review can result in an alteration of date. Whilst the Club and Veteran Car Company Ltd make every effort to ensure accuracy, the date shown on the Dating Plate or Dating Certificate cannot be guaranteed as correct and intending purchasers should make their own enquiries as to the date of the car.

24. WINE

Lots which are lying under Bond and those liable to VAT may not be available for immediate collection.

Examining the wines

It is occasionally possible to provide a pre-Sale tasting for larger parcels (as defined below). This is generally limited to more recent and everyday drinking wines. Please contact the department for details.

It is not our policy to inspect every unopened case. In the case of wines older than 20 years the boxes will usually have been opened and levels and appearance noted in the *Catalogue* where necessary. You should make proper allowance for variations in ullage levels and conditions of corks, capsules and labels.

Corks and Ullages

Ullage refers to the space between the base of the cork and the wine. Ullage levels for Bordeaux shaped bottles are only normally noted when below the neck and for Burgundy, Alsace, German and Cognac shaped bottles when greater than 4 centimetres (cm). Acceptable ullage levels increase with age; generally acceptable levels are as follows:

Under 15 years old – into neck or less than 4cm
15 to 30 years old – top shoulder (ts) or up to 5cm
Over 30 years old – high shoulder (hs) or up to 6cm

It should be noted that ullages may change between publication of the *Catalogue* and the *Sale* and that corks may fail as a result of transporting the wine. We will only accept responsibility for *Descriptions* of condition at the time of publication of the *Catalogue* and cannot accept responsibility for any loss resulting from failure of corks either before or after this point.

Options to buy parcels

A parcel is a number of *Lots* of identical size of the same wine, bottle size and *Description*. The *Buyer* of any of these *Lots* has the option to accept some or all of the remaining *Lots* in the parcel at the same price, although such options will be at the *Auctioneer's* sole discretion. Absentee *Bidders* are, therefore, advised to bid on the first *Lot* in a parcel.

Wines in Bond

Wines lying in Bond are marked Δ. All *Lots* sold under Bond, and which the *Buyer* wishes to remain under Bond, will be invoiced without VAT or Duty on the *Hammer Price*. If the *Buyer* wishes to take the *Lot* as Duty paid, UK Excise Duty and VAT will be added to the *Hammer Price* on the invoice.

Buyers must notify *Bonhams* at the time of the *sale* whether they wish to take their wines under Bond or Duty paid. If a *Lot* is taken under Bond, the *Buyer* will be responsible for all VAT, Duty, clearance and other charges that may be payable thereon.

Buyers outside the UK must be aware that any forwarding agent appointed to export their purchases must have a movement certificate for *Lots* to be released under Bond.

APPENDIX 1

CONTRACT FOR SALE

IMPORTANT: These terms may be changed in advance of the Sale of the Lot to you, by the setting out of different terms in the Catalogue for the Sale and/or by placing an insert in the Catalogue and/or by notices at the Sale venue and/or on Bonhams' website, and/or by oral announcements before and during the Sale at the Sale venue. You should be alert to this possibility of changes and ask in advance of bidding if there have been any.

Under this contract the Seller's liability in respect of the quality of the Lot, it's fitness for any purpose and its conformity with any Description is limited. You are strongly advised to examine the Lot for yourself and/or obtain an independent examination of it before you buy it.

1 THE CONTRACT

- 1.1 These terms and the relevant terms for *Bidders* and *Buyers* in the *Notice to Bidders* govern the *Contract for Sale* of the *Lot* by the *Seller* to the *Buyer*.
- 1.2 The Definitions and Glossary contained in Appendix 3 in the *Catalogue* are incorporated into this *Contract for Sale* and a separate copy can also be provided by *Bonhams* on request. Where words and phrases are used which are in the List of Definitions, they are printed in italics.
- 1.3 The *Seller* sells the *Lot* as the principal to the *Contract for Sale*, such contract being made between the *Seller* and you through *Bonhams* which acts in the sole capacity as the *Seller's* agent and not as an additional principal. However, if the *Catalogue* states that *Bonhams* sells the *Lot* as principal, or such a statement is made by an announcement by the *Auctioneer*, or by a notice at the *Sale*, or an insert in the *Catalogue*, then *Bonhams* is the *Seller* for the purposes of this agreement.
- 1.4 The contract is made on the fall of the *Auctioneer's* hammer in respect of the *Lot* when it is knocked down to you.

2 SELLER'S UNDERTAKINGS

- 2.1 The *Seller* undertakes to you that:
- 2.1.1 the *Seller* is the owner of the *Lot* or is duly authorised to sell the *Lot* by the owner;
- 2.1.2 save as disclosed in the *Entry* for the *Lot* in the *Catalogue*, the *Seller* sells the *Lot* with full title guarantee or, where the *Seller* is an executor, trustee, liquidator, receiver or administrator, with whatever right, title or interest he may have in the *Lot*;
- 2.1.3 except where the *Sale* is by an executor, trustee, liquidator, receiver or administrator the *Seller* is both legally entitled to sell the *Lot*, and legally capable of conferring on you quiet possession of the *Lot* and that the *Sale* conforms in every respect with the terms implied by the Sale of Goods Act 1979, Sections 12(1) and 12(2) (see the Definitions and Glossary);
- 2.1.4 the *Seller* has complied with all requirements, legal or otherwise, relating to any export or import of the *Lot*, and all duties and taxes in respect of the export or import of the *Lot* have (unless stated to the contrary in the *Catalogue* or announced by the *Auctioneer*) been paid and, so far as the *Seller* is aware, all third parties have complied with such requirements in the past;
- 2.1.5 subject to any alterations expressly identified as such made by announcement or notice at the *Sale* venue or by the *Notice to Bidders* or by an insert in the *Catalogue* or on the *Bonhams* website, the *Lot* corresponds with the *Contractual Description* of the *Lot*, being that part of the *Entry* about the *Lot* in the *Catalogue* which is in bold letters and (except for colour) with any photograph of the *Lot* in the *Catalogue*.

Any statement or representation other than that part of the <i>Entry</i> referred to in paragraph 2.1.5 (together with any express alteration to it as referred to in paragraph 2.1.5), including any <i>Description</i> or <i>Estimate</i>, whether made orally or in writing, including in the <i>Catalogue</i> or on <i>Bonhams' Website</i>, or by conduct, or otherwise, and whether by or on behalf of the <i>Seller</i> or <i>Bonhams</i> and whether made prior to or during the <i>Sale</i>, is not part of the <i>Contractual Description</i> upon which the <i>Lot</i> is sold.</p>	<p>8.1.5 to take legal proceedings against you for any sum due under the <i>Contract for Sale</i> and/or damages for breach of contract;</p> <p>8.1.6 to be paid interest on any monies due (after as well as before judgement or order) at the annual rate of 5% per annum above the base rate of National Westminster Bank Plc from time to time to be calculated on a daily basis from the date upon which such monies become payable until the date of actual payment;</p>

<p>5 RISK, PROPERTY AND TITLE</p> <p>5.1 Risk in the <i>Lot</i> passes to you after 7 days from the day upon which it is knocked down to you on the fall of the <i>Auctioneer's</i> hammer in respect of the <i>Lot</i>, or upon collection of the <i>Lot</i> if earlier. The <i>Seller</i> will not be responsible thereafter for the <i>Lot</i> prior to you collecting it from <i>Bonhams</i> or the <i>Storage Contractor</i>, with whom you have separate contract(s) as <i>Buyer</i>. You will indemnify the <i>Seller</i> and keep the <i>Seller</i> fully indemnified from and against all claims, proceedings, costs, expenses and losses arising in respect of any injury, loss and damage caused to the <i>Lot</i> beyond 7 days from the day of the fall of the <i>Auctioneer's</i> hammer until you obtain full title to it.</p>	<p>7.6 You will be wholly responsible for any removal, storage or other charges or expenses incurred by the <i>Seller</i> if you do not remove the <i>Lot</i> in accordance with this paragraph 7 and will indemnify the <i>Seller</i> against all charges, costs, including any legal costs and fees, expenses and losses suffered by the <i>Seller</i> by reason of your failure to remove the <i>Lot</i> including any charges due under any <i>Storage Contract</i>. <p>5.2 Title to the <i>Lot</i> remains in and is retained by the <i>Seller</i> until the <i>Purchase Price</i> and all other sums payable by you to <i>Bonhams</i> in relation to the <i>Lot</i> have been paid in full to, and received in cleared funds by, <i>Bonhams</i>.</p>	<p>8.1 If the <i>Purchase Price</i> for a <i>Lot</i> is not paid to <i>Bonhams</i> in full in accordance with the <i>Contract for Sale</i>, the <i>Seller</i> will be entitled, with the prior written agreement of <i>Bonhams</i> but without further notice to you, to exercise one or more of the following rights (whether through <i>Bonhams</i> or otherwise):</p>	<p>8.3 On any resale of the <i>Lot</i> under paragraph 8.1.2, the <i>Seller</i> will account to you in respect of any balance remaining from any monies received by him or on his behalf in respect of the <i>Lot</i>, after the payment of all sums due to the <i>Seller</i> and to <i>Bonhams</i>, within 28 days of receipt of such monies by him or on his behalf.</p>

- (3) This subsection applies to a contract of sale in the case of which there appears from the contract or is to be inferred from its circumstances an intention that the seller should transfer only such title as he or a third person may have.
- (4) In a contract to which subsection (3) above applies there is an implied term that all charges or encumbrances known to the seller and not known to the buyer have been disclosed to the buyer before the contract is made.
- (5) In a contract to which subsection (3) above applies there is also an implied term that none of the following will disturb the buyer's quiet possession of the goods, namely:
 - (a) the seller;
 - (b) in a case where the parties to the contract intend that the seller should transfer only such title as a third person may have, that person;
 - (c) anyone claiming through or under the seller or that third person otherwise than under a charge or encumbrance disclosed or known to the buyer before the contract is made.
